VIVEKA MURDER CASE: BHASKAR REDDY ARRESTED, SENT TO JUDICIAL REMAND

A Hyderabad court on Sunday sent Andhra politician Y.S. Bhaskar Reddy, arrested earlier in the day in connection with the 2019 murder case of his cousin and former Andhra Pradesh minister Y.S. Vivekananda Reddy, to 14 days judicial custody. The Central Bureau of Investigation (CBI), which arrested Bhaskar Reddy from Pulivendula town in Andhra Pradesh's Kadapa district early on Sunday, brought him to Hyderabad and produced before a magistrate who sent him to judicial custody till April 29.

Hyderabad | Agencies

Bhaskar Reddy was arrested early Sunday from his residence in Pulivendula town by the CBI amid high drama. A team of CBI officials went to his residence and handed a memo to his family members informing them that they are arresting him under Indian Penal Code (IPC) Sections 120 B read with 302 and 201.

Bhaskar Reddy, father of Kadapa MP Y.S. Avinash Reddy, was shifted to Chanchalguda Central Jail. Before producing Bhaskar Reddy at the magistrate's residence, the CBI took him to Osmania General Hospital for medical check-up. His blood pressure was found to be high. His lawyers informed the magistrate about his ill-health. The magistrate asked them to show medical certificates to jail superintendents for appropriate action.

A large number of Bhaskar Reddy's followers had gathered at his residence at the time of the arrest. Some of the supporters reportedly tried to stop the vehicle when he was being shifted to Hyderabad.

Supporters of Bhaskar Reddy and Avinash Reddy later took out a rally in the town to protest the arrest. Shops and business establishments were closed.

Avinash Reddy, who reached Pulivendula from Hyderabad, alleged that the CBI ignored key facts in the case to project them as accused in the case. Bhaskar Reddy's arrest came two days after police arrested G. Uday Kumar Reddy, a close follower of Avinash Reddy.

The CBI expedited the pace of investigation after the Supreme Court last week constituted a new Special Investigation Team (SIT) of the agency and directed it to complete the investigation by April 30.

Vivekananda Reddy, brother of former Chief Minister Y.S. Rajasekhara Reddy and uncle of present Andhra Pradesh Chief Minister Y.S. Jagan Mohan Reddy, was found murdered at his residence in Pulivendula of Kadapa district on the night of March 15, 2019, a few days before the elections.

The 68-year-old former state minister and former MP was alone at his house when unidentified persons barged in and killed him. The CBI took over the investigation into the case in 2020 on the direction of Andhra Pradesh High Court while hearing a petition of Vivekananda Reddy's daughter Suneetha Reddy, who raised suspicion about some relatives. The Supreme Court transferred the case to Hyderabad in November last year while observing that doubts raised by Suneetha Reddy about getting a fair trial and investigation in Andhra Pradesh were reasonable.

In an affidavit filed in the Telangana High

Court in February while opposing the bail petition of Sunil Yadav, one of the accused, the CBI had claimed that Avinash Reddy, Bhaskar Reddy and their follower D. Siva Sankar Reddy had hatched a criminal conspiracy to kill Vivekananda Reddy over conflicting political ambitions.

Avinash Reddy and Bhaskar Reddy allegedly had a grudge against Vivekananda Reddy as the latter was opposed to the YSRCP fielding Avinash Reddy as the party candidate from Kadapa Lok Sabha constituency. The former minister wanted Jagan Mohan Reddy to field his sister Y.S. Sharmila or mother Y.S. Vijayamma. The CBI claimed that Rs 40 crore was offered to the other accused to carry out the murder.

The investigating agency also stated in its counter that Vivekananda Reddy was not happy with his brother Bhaskar Reddy and nephew Avinash Reddy as they had sabotaged his chances in MLC election in 2017 in Kadapa. Avinash Reddy and his father wanted Siva Sankar as MLC candidate but when Jagan Mohan Reddy fielded Vivekananda Reddy, the trio ensured he was defeated.

"Atiq Ahmed was facing more than 100 criminal charges and there are possibilities that the court would give him capital punishment. No one objects to the decision of the court. But the way killers were given an oppor-

tunity to murder Atiq Ahmed and his brother, it proved that the government of Uttar Pradesh does not believe in law and judicial process. The state, which was not ruled through law and legislatures is called Jungle Raj.

In such a state, there is a provision for the implementation of Article 356 under the Constitution," Tiwari added. Meanwhile, the Bihar government is on high alert, especially in the districts adjoining Uttar Pradesh.

Delhi LG, govt clash over summoning of one-day Assembly session

Team Absolute | New Delhi

The summoning of one-day session of the Delhi Assembly on Monday, a day after Chief Minister Arvind Kejriwal's questioning by the CBI in the alleged liquor policy scam, has emerged as the new flash-point between the AAP government and Lt Governor V.K. Saxena, who said that he failed to understand under which circumstances and which provision had the decision being taken.

In response to the Lt Governor's criticism, Delhi minister Saurabh Bharadwaj cited the rules on "Adjournment of the House and procedure for reconvening".

"Let me enlighten LG saab

- Under Rule 17 of the Rules of Procedure and Conduct of Business in Delhi Assembly, Honble Speaker has the power to call a sitting of the House 'at any time after the House has been adjourned sine-die'." However as per prevailing parliamentary practice the Speaker con-

venes only on the recommendation of the Cabinet. The House has not been prorogued and prorogation can be done only on the recommendation of the Cabinet," he said in a series of tweets.

The Lt Governor had claimed that the proper procedure was not followed in

calling the session, and questioned the need for summoning the House again.

"I fail to understand as to under what circumstances and under which provision of the GNCTD Act 1991 the Second Part of the Fourth Session (Budget Session) of the Seventh Legislative Assembly has been convened instead of moving a proposal for Prorogation of the Budget Session and convening of the 'One Day Session' as per the Cabinet Decision," he said.

In further criticism, Saxena said that the special session has been recommended by the Delhi Cabinet "without any specified legislative business, which would have allowed the members of the House to come prepared for fruitful deliberations".

The first executive meeting, since K. Palaniswami was elected as the party's General Secretary, was chaired by party Presidium Chairman Thamizhmagam Hussain.

The AIADMK's decision to support the BJP in Karnataka comes at a time when the BJP Tamil Nadu President K. Annamalai had engaged in confrontation with the party. However, sources in AIADMK said that the BJP national leadership has requested the party to extend its support in the Karnataka elections. The party has decided to convene a public meeting in Madurai on April 20.

A total of 15 resolutions were passed in the executive meeting of which 10 were against the ruling DMK, including one condemning it for the deteriorating law and order situation in the state. One resolution was passed to authorise Palaniswami to lead the party in the

MP BJP BIGWIGS ON TENTERHOOKS AFTER NEGATIVE FEEDBACK FROM PEOPLE

SUNDEEP POURANIK | Bhopal

With just a few months left for the assembly elections in Madhya Pradesh, the Bharatiya Janata Party is collecting ground feedback, which is not good for many veteran leaders of the state. This is the reason why all the contenders are having sleepless nights.

Also, the formula of Gujarat and Karnataka has increased the concerns of the claimants. The BJP, which has been on alert mode since the 2018 assembly election results, is not ready to make any blunders in the next elections that could come in the way of its retention in power.

Therefore, the party is engaged in gathering feedback from the grassroots level. The ground reports show that in the present situation it is not easy for the party to get a majority in the elections. There is resentment among the people against the government and the legislators. It can't be eliminated but it can be reduced. For this, tough decisions need to be

taken.

The major concern of the government is regarding education, agriculture and the labour class. For this reason, a meeting of office bearers of the organisation was held at the Chief Minister's residence with representatives and ministers.

According to sources, on the basis of the ground report, the party has decided that new faces should be given place in the upcoming elections as there is resentment against many MLAs. For this, the party is also going to work on the age formula. The party is also deciding that the

leaders who have crossed the age of 65 years should be kept away from politics.

In the 2018 assembly elections, the BJP had denied tickets to more than 50 MLAs, including many big names.

This time the BJP is working on the strategy of moving forward on the formula of Gujarat and Karnataka as well, due to which it is expected that tickets may be denied to half of the 127 MLAs of the party.

The biggest change in the politics of the state may be seen after the election results in Karnataka. On the basis of these results, the party will work on further strategies in Madhya Pradesh.

Despite this, it is certain that the BJP has almost made complete preparations to bet on new and young faces in the next election.

The churning going on within the party has given sleepless nights to veteran leaders who have won the assembly elections several times and are trying to stake claim for the next time also.

CM Chouhan seeks reply from Sonia Gandhi over Congress leader Govind Singh's remarks on Rani Kamlapati

Team Absolute | Bhopal

The statement of leader of opposition Govind Singh that no one knew Rani Kamlapati has created a political storm in Madhya Pradesh. Chief Minister Shivraj Singh Chouhan, on Sunday, reacted strongly to Singh's statement by saying that it is an insult to the brave queen who sacrificed her life to save pride. Sonia Gandhi should reply whether she knew Rani Kamla Pati? He asserted that Congress has never respected the revolutionaries and great personalities.

Expressing utter shock over Singh's statement, he said, "Gond queen Rani Kamlapati was the last Hindu ruler of Bhopal.

She had been given good governance and when she saw that Dost Mohammad Khan's army could win war anytime, she took the 'Jal Samadi' in lower lake to save her pride. Even today the lower lake resonates with the sound of her sacrifice." He asserted that Congress knew only one family i.e Gandhi family which is actually Nehru family.

Targeting Congress, he said that it should not at least insult the tribals and the Gond Queen and also assured that the state government will not tolerate it.

Govind Singh had given the controversial statement during a programme organized on Ambedkar Jayanti in Bhind.

'I HAVE NOT SPOKEN ANYTHING AGAINST RANI KAMLAPATI, BJP MISINTERPRETED MY STATEMENT': GOVIND SINGH

Bhopal: Leader of opposition (LOP) in the Madhya Pradesh assembly, Dr Govind Singh, has issued a clarification on the statement he made regarding Rani Kamlapati not being a popular figure and said that he was misinterpreted. In his defence, the veteran Congress leader said, "I had said that why did the BJP remember to rename the station after Rani Kamlapati after 18 years. I have not spoken anything against Rani Kamlapati, the BJP has presented my statement in a different way."

Earlier on Sunday, BJP workers protested against Singh's statement in the city. They burnt his effigy at Roshanpura intersection and raised slogans against Govind Singh and Congress. BJP has also demanded Congress to seek an apology from the scheduled tribe. Notably, in a controversial statement on Saturday the leader of opposition had said, "A railway station in Bhopal has been named after Rani Kamalapati. The BJP is discovering such names that people have never heard of." He further added that the kings and the queens always tortured the Dalits and the poor, but the BJP is honouring such people.

Kamal Nath demands SC-monitored probe into Atiq's killing

Team Absolute | Bhopal

Madhya Pradesh Congress chief Kamal Nath on Sunday demanded a Supreme Court-monitored probe into the gunning down of gangster-turned-politician Atiq Ahmad and his brother Ashraf in Prayagraj in Uttar Pradesh a day earlier. Ahmad and Ashraf were shot dead at point-blank range by three men posing as journalists in the middle of a media interaction late Saturday night while police personnel were escorting them to a medical college in Prayagraj for a mandatory check-up. "What kind of politics is

taking place in Uttar Pradesh and in the country? One day someone is killed and the next day someone else. It is for the society to think where UP and the country is headed. The Supreme Court should take notice of it and order an inquiry," Nath said. Hitting back at Nath, MP Bharatiya Janata Party spokesperson Narendra Saluja said Nath should have instead expressed grief over those who had been killed by Atiq Ahmad. "Atiq was facing more than 100 criminal cases. It is shameful Nath is demanding an investigation into the killing of a man who murdered several people and destroyed their families.

Team Absolute | Bhopal

Creating shock and astonishment among his family members and neighbours, a resident of Madhya Pradesh's Dhar district, declared dead of Covid in a Gujarat hospital during the second wave of the pandemic in 2021 and his 'remains' cremated, has returned home.

The incident was reported from Karodkala village in Dhar when Kamlesh Patidar, 35, knocked on the door of his maternal aunt's house early on Saturday morning.

According to his cousin Mukesh Patidar, Kamlesh Patidar fell ill during the second wave of the Covid-19 pandemic and was admitted to a hospital in Gujarat's Vadodara. Later, doctors declared him dead and handed over his body to family members who then performed his last rites. However, on Saturday, Patidar suddenly returned home, but did not reveal anything about his whereabouts

during the last two years. Kanwan police station in-charge, Ram Singh Rathore, said that as per the family members, Patidar had been suffering from the coronavirus infection and after the Vadodara hospital declared him dead, the family members performed his last rites there and returned to their village. The incident has left the locals of the Karodkala village in shock and disbelief. Things would become clear only after recording of Patidar's statement, especially on where he was since his "death", Rathore added. The hospital which declared him dead is said to be a government hospital.

BJP a hot favorite of ticket seekers in UP municipal body polls

Lucknow: The BJP in Uttar Pradesh is emerging as the top favourite of candidates seeking a ticket for the upcoming municipal elections. The Samajwadi Party ranks second and the Aam Aadmi Party (AAP), after getting the status of national party, is now much in demand. The BJP, undoubtedly, is seen as the well-prepared party for the polls. "We have all our plans laid out and the candidates have also been shortlisted. The party will soon announce the names of contestants for posts like mayors and chiefs of urban local bodies from its state headquarters. Similarly, names for member posts of urban local bodies would be announced from the party's district offices," said a party functionary. The BJP has put in place a three-layered system for its ticket. Nearly all parties, mainly the BJP, are also putting together a damage control strategy in place to ensure that those who do not get tickets are pacified and are made to work for the party. The Samajwadi Party also has many ticket seekers but the party fumbled due to delay on finalisation of OBC seats. "The attempt is to ensure that any request or proposal for any candidate or candidates should be unanimous. The merit factor would be the first criteria in deciding candidates," said the functionary. The BSP, however, has not yet laid out its poll strategy which is confusing the cadres. In any case, the BSP does not have much presence in the urban areas and several of its leaders have already left for greener pastures in the past months. The Congress, expectedly, faces a dearth of leadership, direction and candidates. The party is waiting for directions from the high command which apparently is in no hurry to finalise candidates.

170 YEARS AGO, MUMBAI-THANE TRAIN SET IN MOTION INDIA'S RAILWAY SAGA

Marking the dawn of a new era in public transportation, the first passenger train in Asia was operated on a small stretch of 34 km between Mumbai and Thane on April 16, 1853, which proved to be a giant leap for the progress and prosperity of the country over the next 17 decades. The inaugural train was flagged from Boribunder station - where the imposing UNESCO World Heritage Chhatrapati Shivaji Maharaj Terminus now stands - with 14 new wooden carriages crammed with 400 excited and nervous guests on their first day out on the tracks. The maiden passenger service was hauled by three engines, inexplicably named 'Sahib', 'Sindh' and 'Sultan', which blew off loud whistles, belched out thick smoke and steam and soon chugged into the historic journey at 3.35 p.m. that day, accompanied by a resounding 21-gun salute, thunderous cheers

and claps of those who witnessed the British India's first rail history. The gruelling spade-work for that epochal journey started some 30 years before, with an experimental railway line in Madras thrown in, followed by the first passenger service on the Mumbai-Thane sector. Unlike the old railways in many other countries, Indians quickly adapted to the quick, cheap and safe mode of rail travel. The railways soon spread wings - and tracks -- to other parts of India. The first passenger train started in the east on August 15, 1854, covering 39 km between Howrah and Hooghly, followed by Veyasarpandy and Walajah Road in the south (Madras Presidency) on July 1, 1856, and in the north between Hathras Road and Mathura Cantt., a 53 km stretch, on October 19, 1875, -- and chugged along, never to look back. With these humble beginnings, in around 27 years by 1880, India had a 9,000 km railway network spanning the length and breadth of

the sub-continent, even as the country saw historic events such as the First War of Independence, which started on May 10, 1857, and spurred one of the biggest freedom movements in modern world history lasting 90 years. Over the past 170 years, the Indian Railways, as it is known now, has mushroomed into a multi-gauge, second biggest in the world with over 108,000 km of running lines, transporting passengers, animals and cargo to some of the remotest corners of the country, traversing plains, forests, deserts or snowy mountains, safely and surely. Starting with the heavy, highly-polluting steam locomotives, the Indian Railways started services on the first electrified 15 km track between Mumbai's Victoria Terminus (now, CSMT) and Kurla Harbour in February 1925. At one point, it even shifted in August 1955 to diesel locos, but these were gradually discarded as oil prices became prohibitive over the decades. However, electrification picked

up pace and in the past 100 years, the Indian Railways has become 80 per cent electrified, offering a cheaper, environment-friendly and faster alternative, as per the official data till 2022. During the British rule, the railway network had multiple owners and fathers', but after Independence, the earliest vision-ary Railway Ministers - John Mathai, N. Gopalaswami Ayyangar and Lal Bahadur Shastri - initiated the process of unification into a single compact entity. This started in 1951 with the formation of various divisions like Central Railway, Western Railway, Northern Railway, Southern Railway, divided into zones -- which later multiplied as per the growth and local requirements. Many of the railway networks originally owned by private individuals, by companies, royalty or princely states and other independent organisations in different territories, were merged/integrated into a single entity, Indian Railways, which practically runs the entire standardised network now. Central Railway's chief spokesperson Shivaji Sutar said that from that humble beginning on April 16, 1853, today, the Indian Railways has come a long distance with thousands of services daily. They include some of the oldest services running for over a century, comprising long-distance trains like passengers/emails/expresses, Rajdhani, Shatabdi, Tejas, elite tourist specials (Palace on Wheels), unique toy trains or hill-trains, and the most recent addition of Vande Bharat trains, suburban trains, all-women trains and even women loco pilots. In a few years, the first Bullet Train shall be zooming between Ahmedabad and Mumbai, catapulting the country's rail network into the next era of high-speed train journeys.

Hungary joins Poland in banning grain from Ukraine to protect local farmers

BUDAPEST | Agencies Hungary has joined Poland in banning the import of grain and other food products from Ukraine, in an effort to protect its domestic farming industry, according to official sources. The ban, which was announced by the Hungarian Ministry of Agriculture late Saturday night, is temporary and will last until June 30. Ukrainian grain exports have been forced to take alternate routes through the European Union (EU) since Russia blocked access to the Black Sea, Xinhua News Agency reported. Minister of Agriculture Istvan Nagy took to Facebook to announce the ban, saying that the Hungarian government is committed to representing the interests of its farming community. The ministry's statement said that in the absence of meaningful EU measures, Hungary is temporarily prohibiting the importation of grain, oilseeds, and several other agricultural products

from Ukraine, similar to Poland. Poland announced its own temporary ban on several Ukrainian foodstuffs on Saturday, following protests by Polish farmers. The Hungarian ministry explained that the continuation of the current domestic market processes would cause serious damage to Hungarian agriculture, so "extraordinary measures must be put in place to hinder them." The statement also cited cheap production practices not allowed in the EU, as well as duty-free and free trade opportunities, which have allowed large quantities of Ukrainian poultry, eggs, and honey to enter the European market, making it difficult for domestic and Central European farmers to compete.

Maharashtra Congress to protest against PM on Monday

Team Absolute | Mumbai

The Maharashtra Congress on Sunday said it will hold state-wide protests on Monday against Prime Minister Narendra Modi for his silence on the revelations made by former Governor Satya Pal Malik.

State Congress President Nana Patole said the protests will be under the banner of 'Shame on Modi, Shame on you' for not commenting on Malik's statements that reek of a conspiracy behind the 2019 Pulwama terror strike that claimed the lives of 40 CRPF jawans.

"Why was Malik asked to keep quiet about the matter... Why did the PM, Home Minister hide the truth from the people, and what is the government suppressing about such a big incident that shocked the nation," Patole demanded. He reiterated the questions raised by the Maha Vikas Aghadi (MVA) allies on Friday on Malik's contention that aircraft were not allowed

to transport the CRPF forces convoys that could have averted the huge tragedy.

Patole asked what was the origins of the 300-kg RDX used in that blast, why did the government deliberately ignore intel warnings and Malik's claims that the Pulwama strike was due to the government's failure, yet he was told to keep mum.

"The Modi government has not given answers to many questions in the past including this which has

made the authorities sleepless... All attempts by the BJP to divert nation's attention from Malik's statement will not work and the people will demand replies," Patole declared.

He said that thousands of Congress leaders and activists all over the state will hold demonstrations outside Collectorate with banners and placards of 'Shame on Modi, Shame on you' and demand replies from the BJP government.

High on drugs, man drags traffic cop on car's windshield for 10 km

Team Absolute | Mumbai

A man, allegedly under the influence of drugs, dragged a traffic policeman on his car's windshield for nearly ten kilometres in Maharashtra. The entire incident, which happened this afternoon around 2 PM, was captured on a CCTV camera.

The incident happened when the traffic police tried to stop the car suspecting something was amiss. When the driver did not stop, he chased the car on his bike and tried to stop it again at a crossroad in Washi city.

However, the man, instead of slowing down, kept moving, taking constable Siddheshwar Mali along with him. A video of the incident showed him sprawled on the windshield. The accused,

Aditya Bembade, drove like this for nearly ten kilometres. Finally, the car, which was being tailed by a police vehicle, was stopped near Gavhan Phata at Uran Naka

in the city. The man has now been arrested and a case has been registered against him for attempting to kill Mr Mali under the influence of drugs.

MAN GETS LIFE IMPRISONMENT FOR RAPING MINOR DAUGHTER

Team Absolute | Thane

A court in Maharashtra's Thane district has sentenced a 48-year-old man to rigorous life imprisonment for raping his minor daughter. The court said no unnecessary or unwarranted sympathy is required to be shown in the case. "Such cases are on rise now days and to tackle the same a deterrent theory of punishment has to be used," the court said in its order on April 11, a copy of which was made available on Saturday.

"The accused is hereby sentenced to suffer rigorous imprisonment for life, which shall mean imprisonment for the remainder of his natural life," said District and Additional Sessions Judge at Kalyan, PR Ashturkar, hearing cases pertaining to the Protection of Children from Sexual Offences (POCSO) Act.

The judge also imposed a fine of Rs 20,000 on the accused.

Special Public Prosecutor Kadambini Khandagale told the court that the man, from Ambivalli in Kalyan town of Thane district, had lost his wife when the victim was around two years old. He, thereafter, shifted to neighbouring Mumbai along with his daughter and son.

The accused repeatedly raped his daughter since around 2011, when she was 4 to 5 years old. He also threatened the girl to leave her and her brother if

she told about the offence to anyone.

The girl informed police about the offence in November 2016, when she was 10 years old, following which a case was registered against the accused and he was arrested.

The prosecutor examined eight witnesses, including the victim.

The judge in his order said it cannot be kept out of mind that the victim was only five years old since when she was subjected to aggravated penetrative assault and underwent the ordeal for almost five

years. She was so small and innocent that she might not have even understood what she was subjected to by the accused. Her nightmare ended only when the accused after committing the heinous act fled away from the house leaving her behind to starve alone, the court noted.

"One cannot imagine as to what trauma the victim would have to carry throughout her life. This incident would give her nightmare whole her life every now and then," the judge said. The accused took advantage of her situation. He did not bother about her age and body while satisfying his carnal lust. In such a situation, the punishment should be striking a balance between the act committed by the accused and status of the victim girl, he said.

"Thus, no unnecessary or unwarranted sympathy is required to be shown. Such cases are on rise now days and to tackle the same a deterrent theory of punishment has to be used," the judge said.

Considering all the facts and circumstances, there can be no second thought but to impose extreme/maximum sentence prescribed under relevant sections, he said. It is a fit case wherein such punishment shall be awarded which should give a stern lesson to the accused and strong message is sent in the society that such instances are tackled by the court with an "iron hand", the judge said.

Sharad Pawar told Uddhav NCP will never join hands with BJP, claims Sanjay Raut

Team Absolute | Mumbai

Shiv Sena (UBT) leader Sanjay Raut on Sunday claimed NCP chief Sharad Pawar recently told Uddhav Thackeray that his party will never join hands with the BJP even if anyone takes an individual decision to do so. Raut made the comments in his weekly column 'Rokhthok' in the party mouthpiece Saamana in the wake of speculations that senior NCP leader Ajit Pawar may break ranks to join hands with the ruling BJP in the state, amid a plea seeking disqualification of 16 MLAs of Chief Minister Eknath Shinde-led Shiv Sena pending before the Supreme Court. However, Ajit Pawar, who is the leader of opposition in the state Assembly, dubbed such speculations as baseless and denied meeting Union Home Minister and senior BJP leader Amit Shah in Mumbai on Saturday night.

Raut in the Marathi publication claimed, "(Sharad) Pawar told Uddhav Thackeray during their meeting (on Tuesday) that nobody wants to switch over. But, family is being targeted.

If anyone takes a personal decision to leave, it is their individual issue. But we as a party will never go with the BJP. "There is tremendous anger among people of Maharashtra against the present state government. Any one joining the BJP will be committing political suicide. This is what Thackeray and Pawar felt," the Rajya Sabha member wrote.

Speaking at an event attended by Union Home Minister Amit Shah at Kharghar in Raigad district, Mungantiwar said the 350th anniversary of Shivaji Maharaj's coronation will be celebrated soon.

Court acquits Nepalese man accused of beheading colleague

Team Absolute | Mumbai

A court in Maharashtra's Thane district has acquitted a 38-year-old Nepalese national accused of beheading his colleague and disposing off his remains at different places. Additional sessions judge at Kalyan Shaukat S Gorwade acquitted Rajeshkumar Nepali aka Yagnaprasad Kaluram Pukhrel (Jaisi) of charges under sections 302 (murder) and 201 (causing disappearance of evidence) of the Indian Penal Code.

The judge in his order dated April 10 noted that the prosecution had failed to prove all the charges against the accused.

According to the prosecution, the alleged accused worked at a Chinese eatery at Katrap on Badlapur-Karjat Highway.

On April 14, 2017, the owners of the eatery and the staffers, including the victim

Jagat Teghbahadu Shahi, had a party at the establishment, after which the owners left and the accused and the victim were the only persons left at the place.

The next day, a shopkeeper near the eatery found a bloodied plastic bag with the victim's head and the police later found the torso some 1,000 feet away from the place. The accused was arrested from Pushpak Express train at Bhusaval while he was travelling to Uttar Pradesh. In his order,

the judge pointed out several flaws in the police probe.

The test identification parade of the accused was not conducted in the present case. Hence, the identity of the person throwing the bag having chopped head is not established," the order stated.

The CCTV footage with proper sanctity is not produced in the court, it stated, adding that the prosecution had also not led evidence to prove that the deceased was in the company of the accused before his death.

NCP LOSES 'NATIONAL PARTY' STATUS, BUT PAWAR'S ALL-INDIA STATURE STAYS UNAFFECTED

QUAID NAJMI | Mumbai

The Opposition space in the country underwent a churning after the Election Commission of India (ECI)'s order last week on the status accorded to various political parties, barely a year ahead of the Lok Sabha and Maharashtra Assembly elections.

The Nationalist Congress Party (NCP) suffered the loss of its coveted tag of 'National Party' and is now downgraded to a state party with influence in only two states - Maharashtra and Nagaland.

It will now be treated at par with other state entities like the Shiv Sena, Shiv Sena (UBT), Maharashtra Navnirman Sena as the 'National Party' recognition is lost, but its credentials remain strong as ever, with the universally accepted senior leader Sharad Pawar helming it almost single-handedly.

The ruling ally Bharatiya Janata Party (BJP) and the Opposition Congress will be the main national parties in Maharashtra now, plus a couple of other smaller entities, with the likelihood of the Aam Aadmi Party (AAP) now vrooming into

Maharashtra in a big way to sweep clean with its 'broom' in the Assembly and Lok Sabha elections.

However, senior NCP leaders claimed that the loss of 'National Party' tag may not significantly affect the party's popularity, its reach and influence in the state, as Pawar enjoys a reputation 'sans frontiers'.

"We have enjoyed this status continuously from 2000-2023. In between in the 2014 and 2019 Lok Sabha elections, our support base got eroded due to the so-called BJP wave. Hence, the present ECI verdict has divested

us of the privilege," said a senior leader, requesting anonymity. A state officer-bearer pointed out that NCP president Sharad Pawar has already made the party's stance clear that it must work "very hard to make up" and recover the status in the next elections. "We are fully geared towards that aim now. Our cadres are being activated right away not only in Maharashtra but even certain other states to start preparations for the next elections to fulfil the ECI requirements for a 'national party' recognition," he explained.

Constitutional law expert, Barrister Vinod Tiwari feels that the 'National Party' status is not strictly a permanent feature and keeps coming and going, as has been witnessed several times in the past few decades. "Rather than any setback, it's a golden opportunity for the NCP to reinvigorate itself, improve its performance in the next Assembly and Lok Sabha elections and become eligible to claim the title again," Tiwari said. Despite its size and population, India now has only 6 recognised 'national parties' -- the ruling BJP, the Opposition INC, BSP, CPM, AAP and the National People's Party (Nagaland) -- though the NPP is considered a strictly regional force in the north-east. For the NCP to retrieve its recognition, it should get 6 percent valid votes cast in the Lok Sabha elections plus 4 LS seats; at least 2 percent LS seats with candidates elected from three different states; and have recognition as a State Party in at least 4 states. Owing to the elections arithmetic, the NCP is no longer a recognised State Party in Goa, Manipur and Meghalaya, and is restricted to Maharashtra and Nagaland, hence it lost out on the 'National Party' status.

Taylor Swift reportedly blames Joe Alwyn for leaking their split news

Los Angeles | Agencies

Singer Taylor Swift reportedly didn't expect the news of her split from Joe Alwyn to come out the way it did. If a new report is to be believed, the singer-songwriter is blaming her alleged ex-boyfriend for leaking the end of their relationship to the public, reports aceshowbiz.com.

In a recent episode of 'Deux/U' podcast, a source detailed what happened leading up to the pair's split, reports aceshowbiz.com.

"Joe's been getting more and more withdrawn leading up to the start of the tour and the start of him going off to film," the source said as summed up in an Instagram post by the celebrity gossip account.

"It's been bumpy in the lead up to the tour so then Taylor brought up to a head and was like, do we need to address this?" the site reported. Alwyn reportedly suggested that they "take a break and call this tour a chance for a breather and to reassess and we'll see where things stand at the end of it."

While Swift "was fine with it," she allegedly "thought he'd miss her like crazy and they'd be back together again eventually." However, "he not only seemed okay with the distance and space, but she absolutely thinks he's the one who leaked the news," according to the source.

Taylor and Joe had been dating for six years before

news of their split broke earlier this month. While neither of them has confirmed the reports, fans believe that the pop superstar alluded to it during her first night back on tour since their split reports.

On Thursday night, April 13, the singer resumed her 'The Eras Tour' in Tampa. While she didn't mention the split directly, she appeared to refer to the headline-making news as saying: "Is it just me or do we have a lot of things to catch up on?" She then added: "It's been a really long time since I've been on tour. And to say that

a lot has happened is an understatement."

I LEARNT ENGLISH BY WATCHING 'FRIENDS', SAYS ANA DE ARMAS

Los Angeles | Agencies

Actress Ana de Armas paid homage to her Cuban roots during her 'Saturday Night Live' hosting debut. As the 'Blonde' star emerged on stage for her monologue, she greeted the audience in Spanish, before opening up about her experience coming to the United States, reports Variety. "I speak English," De Armas continued.

"But I didn't when I first got to the U.S. I was born in Cuba. I came to America when I was 26, and I learnt English the way everyone who comes to this country does: by watching 'Friends.'"

"Who would have thought that the best English tutor would be Chandler Bing?" De Armas joked, proceeding to mimic the fan-favorite sitcom character. "I mean look at me now; could I be any better at English?"

De Armas went on to explain the hardships she faced coming to America with English as a second language. She used the example of an acting class, "which was definitely a scam," centred around the audition process: "There was this line, 'I beg your pardon.' But I had never seen or heard that phrase, so I thought this character was literally begging."

The Academy Award nominee also shouted out Robert de Niro during her opening remarks, who she met while working on her first movie in the U.S., titled 'Hands of Stone'. De Armas elaborated on how the fellow actor visited her father at work while on a trip to Cuba.

Beyonce rents Europe's largest indoor arena to rehearse 'groundbreaking' world tour

Los Angeles | Agencies

Rehearsals for singer Beyonce's upcoming world tour are well under way and she is pulling out all the stops to ensure her performance will be "groundbreaking".

The Renaissance World Tour will be the singer's first solo world tour since her 2016 Formation World Tour and is due to kick off next month in Stockholm, reports mirror.co.uk. She will take in dates across Europe, the UK, and North America.

And while tickets have controversially cost thousands for fans to snap up, it seems no expense is being spared in preparation for the live dates.

According to The Sun, Beyonce is currently hard at work in France perfecting her dance moves and set manoeuvres.

The singer has booked out the La Defense Arena in Paris to use as her practice ground - with the stadium twice the size of London's O2 arena and capable of seating 40,000 fans.

A source told the publication: "The structure for the stage is gigantic and on a totally different scale from any other tour right now - that's why she needed a huge venue to rehearse in."

"And she can't run through the show in any of the stadiums she is performing in because they aren't soundproofed and people would hear what she was preparing."

"She is on top form and is pulling out all the stops to make this a truly groundbreaking tour."

"I have a house now, I'm no longer in Whitburn, I am in Glasgow and I did purchase a little place down here (London). I'm making myself sound non-relatable!" he told DJ Scott Mills on his BBC Radio 2 show.

Capaldi also said, being so useless at housework, his mum still does his washing as he ended up shrinking his designer clobber in the wash.

The Tourette's-stricken singer also recently moved from a mansion to a flat near his favourite pub in Glasgow. He said he woke up so anxious after his latest boozing session he had "panic attack after panic attack."

IPL 2023: HETMYER, SAMSON FIFTIES HELP RAJASTHAN ROYALS BEAT GUJARAT TITANS BY 3 WICKETS

Ahmedabad | Agencies

Rajasthan Royals were literally in a no man's land at 66/4 in 12 overs in their pursuit of chasing down 178 against a strong Gujarat Titans bowling attack, who bowled 26 dot balls in the first six overs.

From there, captain Sanju Samson took 20 runs off Rashid Khan in the 13th over to eventually make 60 while Shimron Hetmyer smashed a whirlwind unbeaten 56 off just 26 balls to give Rajasthan an improbable three-wicket victory in 23rd match of the IPL 2023, here on Sunday.

The stunning heist also means that Rajasthan retain their top spot on the points table with eight points. Samson and Hetmyer added a crucial stand of 59 runs off 27 balls, followed by the latter adding 47 runs off 20 deliveries with Dhruv Jurel to complete the chase with four balls to spare.

Mohammed Shami built pressure from the word go, troubling Yashasvi Jaiswal and Jos Buttler. Gujarat got the reward when Hardik Pandya had Jaiswal nicking to slip in the next over. Shami bowled a wicket maiden third over and took out Buttler, whose attempt to scoop backfired and could only see off-stump being sent on a cartwheel ride.

Gujarat could have got their third wicket had Shubman Gill held on to a tough chance at slip to dismiss Devdutt Padikkal off Shami. The left-handed batter then lofted Hardik inside-out over extra cover for six as Rajasthan ended power-play at 26/2.

Samson and Padikkal hit a six and four each off Alzarri Joseph, with the Rajasthan captain driving Hardik in the gap between extra cover and mid-off after surviving an lbw appeal.

Rashid straightaway made a breakthrough as Padikkal's heave took an outside edge and was caught by short

third man. The leg-spinner struck again in his next over as Riyan Parag holed out to a forward diving long-off. Samson, though, had other ideas, taking Rashid for a hat-trick of sixes -- once over long-off and twice pulling over deep mid-wicket.

Hetmyer took on Joseph by heaving high past leaping deep square leg for six and slogging through the same region for four more, before Samson got his fifty in 29 balls. Samson took on debutant spinner Noor Ahmad, lifting a drive over long-off for six and pulling past short fine leg for four.

He then struck again in his next over as Riyan Parag holed out to a forward diving long-off. Samson, though, had other ideas, taking Rashid for a hat-trick of sixes -- once over long-off and twice pulling over deep mid-wicket.

Brief scores
Gujarat Titans 177/7 in 20 overs (David Miller 46, Shubman Gill 45; Sandeep Sharma 2/25, Adam Zampa 1/32) lost to Rajasthan Royals 179/7 in 19.2 overs (Sanju Samson 60, Shimron Hetmyer 56 not out; Mohammed Shami 3/25, Rashid Khan 2/46) by three wickets.

Ishan fifty, Surya 43 negate Venkatesh Iyer ton as MI down KKR by 5 wickets

Mumbai | Agencies

Ishan Kishan hammered a half-century and Suryakumar Yadav roared back to form to negate a brilliant century by Venkatesh Iyer and help Mumbai Indians defeat Kolkata Knight Riders by five wickets and register their second win of the season in Indian Premier League (IPL) 2023 on Sunday.

It was the first afternoon match for Mumbai Indians at Fortiss Wankhede and the hosts made the most of this opportunity to romp to their second win in four matches.

Though Venkatesh Iyer struck a brilliant 104 off 51 deliveries, Mumbai Indians did not allow their other batters to prosper and thus restricted them to 185/6 in 20 overs. Hrithik Shokeen claimed 2-34 while Piyush Chawla was at his economical best for 1-19 in four overs as Mumbai Indians came up with a clinical performance.

Ishan Kishan then hammered 58 off 25 balls, hitting

five boundaries and as many sixes while Suryakumar smacked a 43 in a match in which he captained as Rohit Sharma missed the KKR innings because of a stomach bug but came in as an Impact Player to bat. Tilak Varma scored 30 off 25 balls as Mumbai Indians reached 186/5 to win the match with 14 balls remaining.

Mumbai Indians also used the rules to perfection as they shielded skipper Rohit Sharma, who was hit by a stomach bug, and brought him as an Impact Player while giving debuts to Duan Jansen and Arjun Tendulkar

(0-17 off 2). Mumbai made a brilliant start as they raised 72/1 in the Power-play as they set about in hot pursuit of the target of 186 runs.

Brief scores
Kolkata Knight Riders 185/6 in 20 overs (Venkatesh Iyer 104, Andre Russell 21 not out; Hrithik Shokeen 2-34, Piyush Chawla 1-19) lost to Mumbai Indians 186/5 in 17.4 overs (Ishan Kishan 58, Suryakumar Yadav 43, Tilak Varma 30; Sujay Sharma 2-27) by 5 wickets.

RUNE CLAWS PAST SINNER TO ENTER FINAL; SETS UP SUMMIT CLASH WITH RUBLEV

Monte Carlo | Agencies

Holger Rune of Denmark moved to within one win of capturing his second ATP Masters 1000 title after he moved past Italian Jannik Sinner 1-6, 7-5, 7-5 in a thrilling semifinal of the Monte-Carlo Masters.

With his 17th tour-level win of the season, Rune has improved to 2-0 in his ATP Head-to-Head series against Sinner. The Dane is up two spots to No. 7 in the ATP Live Rankings and can rise to a career-high No. 6 by claiming his eighth tour-level crown on Sunday. In a battle between two of the brightest talents on Tour, it was the 19-year-old Rune who handled the conditions and pressure the best in a rain-disrupted clash on Saturday night. The Dane struck his clean groundstrokes with aggression in the heavy conditions and recovered from

a slow start against the 21-year-old Italian to advance after two hours and 46 minutes. Rune, who had defeated Novak Djokovic in the championship match in Paris last season and will aim to clinch his second ATP Masters 1000 crown when he takes on Andrey Rublev in Sunday's final.

Rublev overcame a resilient Taylor Fritz and damp conditions to reach

the Monte-Carlo Masters championship match on Saturday. With victory in his first four-level match against the American on clay, Rublev advanced to the Monte-Carlo final for the second time.

He fell to Stefanos Tsitsipas at the final hurdle in the Principality in 2021, but the 25-year-old will hope to banish memories of that disappoint-

ment when he meets Rune in Sunday's championship match.

Rublev is a five-time champion at ATP 500 level but is chasing his maiden ATP Masters 1000 trophy this week at the Monte-Carlo Country Club. He is now 17-8 for the 2023 season, a tally that also includes a run to the Dubai championship match in February.

Relegation-threatened Stuttgart flabbergast Dortmund in Bundesliga

Berlin | Agencies

Borussia Dortmund squandered a 2-0 lead against ten-men Stuttgart after Silas Katompa Mvumpa snatched a 3-3 draw on home soil in the dying seconds of the game at the Bundesliga 28th round.

Both sides staged a lively opening with chances at both ends as Joshua Vagnoman wasted the presentable opportunity from close range with five minutes played before Stuttgart goalkeeper Fabian Bredlow defused the efforts from Sebastien Haller and Julian Brandt in quick succession, reports Xinhua.

Dortmund eventually overcame Bredlow in the 26th minute when Donyell Malen's good build-up work allowed Haller to slot home from five meters into the roof of the net.

The Swabians thought they had halved the deficit after the restart, but Guirassy's goal was

ruled offside by the video assistant referee. Dortmund seemed content with the two-goal lead and lacked in accuracy in the final third whereas the hosts increased the pressure despite a numerical disadvantage.

Stuttgart reduced the arrears through joker Tanguy Coulibaly,

who overcame Kobel with a deflected shot from the edge of the box into the top left corner in the 78th minute.

The hosts pushed forward and levelled the scores six minutes later when Dortmund couldn't clear a corner, allowing Vagnoman to beat Kobel with a

turn shot from nine meters.

Dortmund remained unimpressed and took the lead again in the injury time after Giovanni Reyna tapped home. Stuttgart had the last laugh though and clinched a late by courtesy of Silas, who made it 3-3 with the last action of the game.

My desire was to sit for the civil services entrance in college: Rahul Dev

Team Absolute | Mumbai

Actor Rahul Dev, who is currently seen playing the role of Inspector Hooda in the web series 'Hunter - Tootega Nahi Todega', shared how he was inspired by his real-life incidents while preparing for the role. He also spoke about getting injured on the sets for shooting for action sequences.

Rahul said: "I have literally grown up in a household where I have watched my illustrious late father go to work daily. In fact, my desire was to sit for the civil services entrance in college, observing the pressure on him. His work hours weren't defined and there were no Sundays. The role essayed by me is that of a police SHO named Hooda (Haryanvi). I hail from Delhi, so the character is loosely based on observations of people from that belt, Gurgaon, Haryana, not necessarily as cops."

The actor is known for his work in regional as well as Hindi cinema including 'Champion', 'Aashiq', 'Asoka', 'Narasimha', 'Indian', 'Kachchi Sadak', 'Raat Baki Hai', 'Gaslight', among others.

He added more about prepping up for the role and recalled how he injured himself on the sets.

"I remember filming in a location wherein the vehicles couldn't go, so the arrangement involved the villagers staying in the neighbourhood. They were dropping talents at the actual location (about 1.5 km away from the vanity). My spot boy Shankar mistakenly left the knee pads to be used in action back at the vanity parked about 1.5 km away," he added. The outside light was failing and everything was set, so I literally shot my longest action sequences (in which Hooda finally succumbs to fire) without the requisite safety pads in place. I hurt my right knee in the second take, but continued with my Master's grace to complete the sequence," Rahul concluded.
