'RSS, THE IDEOLOGICAL ARM OF BJP, SHOULD ALSO BE BANNED' OPPOSITION FIRMLY BELIEVE

## LALU PRASAD DEMANDS BAN ON RSS, BJP HITS BACK

### THE BJP HIT BACK.

BJP OBC Morcha's national General Secretary and state spokesperson Nikhil Anand said: "There is a competition going on among the parties involved in the Grand Alliance to become the champion of secularism. By speaking against the Sangh, Lalu Ji wants to satisfy the sentiments of Muslims to strengthen his vote bank."

### Vijayan holds high-level meeting with police officials

Kerala CM Pinarayi Vijayan met top state police officials to take stock of the situation and draw elaborate plans to ensure that everything is kept under control. State police chief Anil Kant told Vijayan that everything is under control and the Superintendents of Police of all the 14 districts have been asked to be on high alert. In a related development, the RSS office at Aluva in Ernakulam district was provided Central

security. Meanwhile, PFI state General Secretary A. Abdul Sathar, in a press statement, said that the PFI has been wound up and asked its cadres to stop all political activities and organisation work. News also came that Kerala Police, acting on the directions of the National Investigation Agency, took Sathar into custody and is now kept at the Kollam Police Club waiting for the NIA officials to arrive to take him away.

After the ban, several Muslim organisations welcomed the move by the government. Chairman of All India Sufi Sajadanashin Council, Naseeruddin Chisti said that if the action was taken after considering the public order, then everyone should show patience and welcome the action taken by the government. Similarly, Saiyed Zainul Abidin of Ajmer said that the ban has been invoked in the national interest as PFI was indulging in anti-national activity. Muslim Students Organisation of India (MSO), a body of Muslim Sufi students too have welcomed the move, and said in a statement that PFI was indulging in extremist activity.

### BAN ILLEGAL, WILL FIGHT LEGALLY, SAYS PFI'S TN CHIEF

The president of now banned Popular Front of India's (PFI) Tamil Nadu unit, Mohammed Shaik Ansari, said in a statement on Wednesday that the organisation would legally fight the ban.

The statement issued by Ansari read, "It has been pronounced that the Popular Front of India has been banned in India. This illegal and undemocratic ban will be challenged by us."

He also said that the organisation would stop all the activities that it has been carrying out in Tamil Nadu. In a related development, the leader of Dalit political outfit, Viduthala Chiruthaigal Katchi (VCK), Thol Thirumavalavan, also issued a statement opposing the ban on PFI, saying that the 'RSS, the ideological arm of BJP, should also be banned'.

Team Absolute | Patna

In wake of the ban on the Popular Front of India (PFI), RJD chief Lalu Prasad Yadav said that every organisation, including the RSS, which are responsible for creating communal hatred in the country, should also be banned.

"I firmly believe that the RSS should also be banned in the country. It is worse than the PFI. The previous government had banned the RSS twice. Earlier Sardar Vallabhbhai Patel had imposed a ban on RSS in the country," he said.

JD-U national President Lalan Singh demanded that the Narendra Modi government clarify on what basis the ban was imposed on the PFI. "Centre should clarify on what basis it has imposed a ban on PFI. I want to wait for the clarification of the Centre," he said.

## Rupee slides to all-time low of 81.93 against US dollar

Team Absolute | Mumbai

The Indian rupee has depreciated to trade at an all-time low of 81.93 against the US dollar after the surge in dollar index, dealers said.

At the interbank foreign exchange, the rupee opened at 81.90 against the dollar, then fell to 81.93, against the 81.58 close in the previous trading session.

"The dollar index at a 20-year high had led to sharp depreciation in the Indian rupee over the last week. Despite that, INR has outperformed other global currencies, as RBI has been actively supporting the domestic currency by selling the US dollars," said Aishwarya Dadheech, Fund Manager, Ambit Asset Management.

Dadheech also said that in the short term, due to global risk-off sentiment, we can expect more pressure on the Indian rupee. It will be difficult for the RBI to continue selling the US dollars aggressively any further, as the remaining forex reserves are around 9-10 months of import cover only. Most likely, RBI will have to increase repo

rates (post the recent FED outcomes) to defend against further pressure on INR. Nevertheless, in the medium term, the out-performance of the Indian rupee will be supported by lower external debt (below 20 per cent as of March 2022), robust inflows (FDI+PII), a resilient economy, and adequate forex reserve (\$540 billion).

The dollar index, which gauges the greenback's strength against a basket of six currencies, advanced 0.16 per cent to 114.235.

The Brent crude oil prices were trading at \$85.26 per barrel. Going forward, the investors are eyeing RBI monetary policy scheduled on Friday and the dollar index for the short-term directional trend.

Meanwhile, benchmark indices are trading marginally lower during the afternoon trade, with Sensex falling 112.02 points and Nifty by 38.30 points.

At 2.00 p.m., Sensex was trading at 56,987.85, which was down 119.67 points or 0.21 per cent, whereas Nifty was down 64.35 points or 0.38 per cent at 16,943.05.

## IRCTC scam case: Court seeks personal appearance of Tejashwi Yadav

Team Absolute | New Delhi

Delhi court on Wednesday sought personal appearance of Bihar Deputy Chief Minister and RJD leader Tejashwi Yadav on the CBI's plea seeking cancellation of his bail in a scam case in relation to railway hotels.

Special CBI Judge Geetanjali Goel of Rouse Avenue Court sought the personal appearance of Yadav on October 18 while granting time to his counsel to respond in the matter.

On September 17, the Central Bureau of Investigation (CBI) approached the court challenging the bail granted to Yadav in the alleged scam involving the Indian Railway Catering and Tourism Corporation (IRCTC).

The case dates back to 2006 when his father and RJD chief Lalu Prasad was the Railway Minister in the UPA-I government. It was alleged that there were mul-

iple irregularities connected to IRCTC hotels' maintenance contracts with a private firm.

The RJD leader and his mother Rabri Devi were granted bail in the case in 2018.

In one of its contentions, the central agency has submitted that Tejashwi Yadav had threatened its officials during a press conference, thereby influencing the case. Two IRCTC hotels in Ranchi and Puri were involved in the bribe case.

The probe agency had earlier

claimed that there was enough evidence in the IRCTC matter against Lalu Prasad, Rabri Devi and Tejashwi Yadav, among others.

On August 24, the CBI had conducted multiple raids on the premises of RJD leaders in Patna, Katihar, Madhubani, Vaishali, and Sitamarhi districts. Besides that, it also conducted an investigation into another case of Urban Cubes mall in Gurugram, purportedly on the belief that Tejashwi Yadav had made investment in it.

After the raids, Tejashwi Yadav was reportedly heard saying at a press conference that "CBI officials don't have mother and children? Don't they have a family? Will they always remain CBI officers? Will they not retire? Will only this party remain in power? What message do you want to send? You should honestly discharge the duty of the constitutional organisation."

## MUNDRA HEROIN SEIZURE: NIA ARRESTS 26TH ACCUSED

New Delhi: The National Investigation Agency (NIA) has arrested 26th accused in connection the seizure of 3000 kgs of heroin, valued at Rs 21,000 crore, at Gujarat's Mundra Port in September last year, an official said.

A senior NIA official said that the accused, identified as Sushanta Sarkar of West Bengal, was arrested on Tuesday for his involvement in the illegal international trade of heroin into India for supporting terrorist activities.

Heroin was seized between September 17-19, 2021 at Container Freight Station, Mundra Port by the Directorate of Revenue Intelligence from a consignment of semi processed talc stone it was concealed in.

The case was initially registered by DRI and then re-registered by the NIA. In March 2022, the NIA had filed charge sheet before a special court in Ahmedabad against 10 persons.

The case pertains to an international drug smuggling syndicate, run by Afghan nationals, brothers Hassan Daad and Hussain Daad, who had sent multiple heroin consignments to India through containers. The heroin was purified in Afghanistan and the concealed in other materials like, semi-processed talc and bituminous coal. These consignments were then sent to Indian ports in Gujarat and West Bengal and further to New Delhi, via trucks.

"The accused arrested yesterday is an important part of the criminal conspiracy, and had ordered a heroin-laden shipment of semi-processed talc from Afghanistan, via Iran in November. He used his firm 'Jesus Christ Impex' for the purpose. He transported the consignment to the firm of another accused Kabir Talwar, in New Delhi. The consignment was unloaded by members of the heroin smuggling syndicate who are charge sheeted in the instant case," said the official.

## 'IF TRUTH IS ON YOUR SIDE': SC REFUSES STAY ON DISMISSAL OF COP WHO PROBED ISHRAT JAHAN ENCOUNTER

Team Absolute | New Delhi

The Supreme Court on Wednesday declined to stay the Centre's order dismissing Gujarat cadre IPS officer Satish Chandra Verma, who had assisted the CBI in its probe into the alleged fake encounter of Ishrat Jahan in Gujarat.

A bench of Justices K.M. Joseph and Hrishikesh Roy declined to interfere with the Delhi High Court's order, which refused to stay the dismissal order. "Consequently, we are not inclined to stay or interdict the order of dismissal dated 30.08.2022 at this stage," said the high court, asking the Centre to file a reply in the matter within eight weeks and rejoinder within four weeks thereafter, and scheduled the hearing on January 24 next year.

Verma's lawyer argued before the apex court that the high court relied on an unproven transcript of an interview downloaded from YouTube and his client does not have any knowledge who made the transcript and the CD. He added that it was the only evidence for which he was dismissed.

The top court was also informed that another officer has been appointed in place of Verma after his dismissal. It said that now somebody else has been put in charge and it can advance the hearing in the matter in November.

Verma's counsel said his client has put in 38 years of service and urged the court to extend the stay and let the high

court decide. Justice Joseph said the court needs to balance everything and "you talked about your honour, prestige. But if the truth is on your side, you will have your day in the court". He added if justice is on your side, you will succeed. Verma's counsel replied: "Let me retire with honour."

The woman said that she

received another call from the same person after half an hour stating that her daughter was dead.

The family of the girl did not accept her body after the postmortem on July 14 and protested in front of the school. This later led to a build-up and on July 17 it turned into a major protest with several school vehicles being torched and the school building vandalized leading to heavy losses.

## Senior advocate R. Venkataramani to be new Attorney General

Team Absolute | New Delhi

Senior advocate R Venkataramani has been appointed Attorney General of India, an official statement said on Wednesday. Venkataramani will take over from incumbent K.K. Venugopal whose tenure will expire on September 30. A notification, issued by the Ministry of Law and Justice, said: "The President is pleased to appoint R. Venkataramani, senior advocate, as Attorney General for India for a period of three years from the date he enters upon his office."

Venkataramani has a rich experience of over 40 years as lawyer and he was also a former member of the Law Commission of India. He was enrolled in July 1977 in the Bar Council of Tamil Nadu and joined the chambers of

late senior advocate in SC P.P. Rao in 1979. He was designated as senior advocate by the Supreme Court in 1997. He has also been associated with National Law School of India University, Bengaluru.

## 5K displaced Mizoram tribal voters enrolled in Tripura electoral rolls

Team Absolute | Agartala/Aizawl

Around 5,010 people out of the 37,136 displaced Reang tribals, who migrated from Mizoram 25 years ago following ethnic troubles, were enrolled in the electoral lists of Tripura, officials said here on Wednesday.

An official of the Tripura Election Department said that as per the quadripartite agreement, signed in January 2020 between the Centre, Tripura and Mizoram governments and the Reang tribal leaders, at least 11,800 people out of the 37,136 displaced Reang tribals would be enrolled in the voters' list of Tripura.

In Aizawl, Joint Chief Electoral Officer of Mizoram Election Department David Liangsanglura Pachuau said that following the communication from the Tripura Election Department, names of around 1,600 voters, earlier enrolled in the electoral list of nine assembly constituencies in

Mizoram, have been removed so far. The process of removal of names from the electoral list of Mizoram are going on, the Joint CEO said. An official of Tripura's Tribal Welfare Department said in Agartala

that due to the complicated enrollment process in regards to the displaced Reang tribals, conduct of the election to the Village Committees in the Tripura Tribal Areas Autonomous District Council was being delayed.

Hearing a writ petition, the Tripura High single bench Judge Arindam Lodh earlier this week directed the State Election Commission to complete the process of preparing electoral roll expeditiously and hold the election (of Village Committees) in accordance with law taking into account the grievance of the petitioners. "The target for the resettlement of these displaced Reang tribals by August 31 could not be achieved due to the numerous land related issues, forest land clearance, fresh troubles, threats of agitation against the rehabilitation and numerous other issues," the official, who did not want to be named, said.

He said that Union Home Minister Amit Shah reviewed the implementation of the quadripartite agreement with Chief Minister Manik Saha in Delhi on September 20. According to the officials, so far, 3,696 of the 6,959 families have been re-settled and the rest are in the process.

## State govts told to facilitate Central deputation of IAS officers

Team Absolute | Mumbai

Minister of State for Personnel, Public Grievances and Pensions Jitendra Singh has asked the state governments to facilitate the central deputation of IAS and other All India Services officers.

Addressing the Annual Conference of Principal Secretaries of states and UTs looking after Personnel, General Administration and Administrative Reforms, the Minister said: "Central deputation is part of the federal structure in our country and urged the state governments to cooperate with the central government to address the concerns in this regard." "An All-India Service officer is an important interface of the government, both within the state as well as the Centre," he added. The Minister said that there is already a laid down structure for Cadre Management of All India Services and the same needs to be followed in letter and spirit.

A particular aspect in this regard is the deployment of the All-India Service officers at

Centre, he added. Jitendra Singh underlined that the Central Government, with the sole objective of weeding out the deadwood in order to maintain a high standard of efficiency and initiative in the state/ Centre, carries out intensive review of service records of Members of the Services which has been provided under Rule 16(3) of AIS (DCRB) Rules, 1958. The Minister solicited the co-operation of the state governments in completing all such reviews pending with them expeditiously, under intimation to DoP&T. Singh informed that during the current year, the Central government has successfully allotted 180 IAS officers through Civil Services Examination and around 434 vacancies have been determined for recruitment through induction from State Services that are to be filled up soon. The Minister said he would also request the state governments to follow the guidelines related to effective service and vigilance management of All India Services officers circulated by the Central government from time to time.

## BOMBAY HC RESERVES ORDER ON ANIL DESHMUKH'S BAIL PLEA

Mumbai: The Bombay High Court on Wednesday reserved its order on the bail application of former Maharashtra Home Minister Anil Deshmukh.

Justice N.J. Jamadar heard the bail of the senior Nationalist Congress Party leader for two days before reserving his order.

Deshmukh, 72, was arrested in November 1, 2021 by the Enforcement Directorate in an alleged case of money-laundering under provisions of the Prevention of Money Laundering Act, and other charges.

The ED had initiated the probe against Deshmukh and others after the Central Bureau of Investigation filed its FIR against him earlier on April 21, 2021 for alleged corruption, misuse of official position, etc.

Later, the ED also entered the picture with multiple raids on Deshmukh's home and offices in Mumbai, Nagpur and finally arrested him.

Last Monday, a Supreme Court bench of Justice D.Y. Chandrachud and Justice Hima Kohli had directed the Bombay High Court to expedite the hearing of Deshmukh's bail plea, pending here since March 2022.

## WBSSC scam: Partha, Arpita's judicial custody extended to October 31

Kolkata | Agencies

A special ED court on Wednesday extended the judicial custody of former West Bengal Education Minister Partha Chatterjee and his close associate Arpita Mukherjee till October 31.

This means that the duo will spend not just the Durga Puja, but the entire festive season including Laxmi Puja, Kali Puja, Diwali, and Bhai Dooj behind the bars. Both of them attended the hearing at the court in virtual mode.

Chatterjee's counsel made a desperate attempt to get his bail plea granted on grounds of his physical ailments and family prestige. However, the ED counsel strongly objected to his bail prayer on grounds that the investigation process by the central agency is still only on and more information relating to the crime proceeds is being unearthed every day. In such a situation, the investigation process might get hampered, he contended.

During the hearing, Mukherjee broke down into

tears and sought the permission of the court to get a mobile phone so that she can talk to her mother occasionally.

However, the ED counsel ridiculed her tears and reminded the court that even Chatterjee broke down into tears during a previous hearing in the matter. "But their tears do not justify their involvement in the multi-crore scam. Can't they see the tears of the eligible candidates deprived of their legitimate job offers who are protesting on the open streets of Kolkata for days," the ED counsel argued.

Finally, after hearing all the parties concerned, the court rejected the bail pleas of both

Chatterjee and Mukherjee and extended their judicial custody.

## Delhi man gets shot accidentally, friends lodge 'fake complaint' of armed robbery

Team Absolute | New Delhi

Two people were arrested and two more faced action for lodging a fake complaint of a robbery bid in which a 25-year-old man had received a bullet injury, Delhi Police said on Wednesday.

In reality, it was found that the man was accidentally shot by one of his friends while the latter was handling a gun and later to cover up the incident, four accused hatched a plan to pass it off as a robbery attempt. The accused were identified as Jitender alias Jeetu, 37, Rohit, 28, Mohit, 24, and Narendra, 24.

Deputy Commissioner of Police, Northeast, S.K. Sain said a PCR call regarding bullet injury to a person during a robbery attempt by bikers near Rajiv Gandhi Hospital was received at Nand Nagri police station on Monday after which a police team reached

the spot and found an abandoned motorcycle and a bullet.

The injured, identified as Himanshu, was taken to GTB hospital for treatment.

"When the police examined the injured Himanshu, they found that he was frequently changing his statement regarding the incident, and didn't divulge anything specific," the DCP said, adding, at one time, he also mentioned that he, along with his friend Mohit, consumed alcohol at a wine shop near GTB Enclave.

Smelling a rat, the Nand Nagri SHO set up a team to probe the entire incident.

Mohit, who was attending and helping Himanshu at the hospital, was questioned by the police and who revealed everything about the incident when subjected to sustained interrogation.

He told the police that on the day of the incident, Himanshu had brought a pistol of

his uncle Jeetu to Rohit's house. When Rohit was handling the pistol, the weapon discharged, injuring Himanshu. They all went to a local hospital, but were denied treatment as it was a medico-legal case.

Thereafter, they informed Jeetu and Narendra regarding the incident.

"Jeetu, who is a criminal, hatched a plan to give it a colour of robbery. They all reached Tahirpur road, near Peeli Mitti ground on three motorcycles where, Jeetu fired two more shots in the air and he, Mohit, and Rohit then escaped from the spot," the DCP said. They left Himanshu with one motorcycle and Narendra made the PCR call of a gunshot injury during an attempted robbery.

After Mohit's disclosure, the police registered another FIR under relevant sections of law and both Jeetu and Rohit were arrested while Narendra and Mohit were bound down. Further probe is on, the official added.

Mayawati wants to be PM

In a major development, the Bahujan Samaj Party (BSP) has said that it can join the opposition alliance for the 2024 Lok Sabha elections, provided the alliance partners are ready to project Mayawati as their Prime Ministerial candidate. BSP national spokesperson Dharamveer Chaudhary said that the "ultimate decision, however, will be taken by Behenji (Mayawati)" Chaudhary added that if the opposition parties reach out to BSP in a respectful manner and apprise the party chief of their agenda, there is no harm that the party would see in aligning with them. "The opposition parties have no leader of Mayawati's stature. She is a big leader with a pan-India appeal," he said. Asked about the possibility of an alliance with Akhilesh Yadav, Chaudhary said: "Mayawati ji is a much bigger leader than Akhilesh Yadav. She has been the Chief Minister of Uttar Pradesh four times, while Akhilesh has held the post only once. She also is a large-hearted leader and forgives the mistakes of others. If Akhilesh accepts her as a leader with a clean heart, we will welcome him with flowers." Notably, the BSP was kept out of the meetings of the opposition parties called by TMC and NCP when they were to decide their candidates for the President and Vice President posts. Mayawati had expressed her anger in public in a tweet on the opposition's behaviour. Mayawati's BSP also managed to win 10 Lok Sabha seats in 2019 Lok Sabha elections by stitching regional caste equations and taking advantage of the alliance with the SP. Meanwhile, few days back a senior party leader said that, Mayawati has already burnt her bridges with the SP and Congress. She has openly supported the BJP candidates in the recent elections of President and Vice-President. We are almost sure that she would go with the BJP again in the 2024 Lok Sabha elections."

EVEN AFTER CONG GETS NON-GANDHI PREZ, BJP NOT TO GO SLOW ON 'PARIVARVAAD'

Santosh Kumar Pathak

The suspense over the party elections for the post of a full-time Congress' president left vacant since the last three years seems to be almost ending now. The agenda with which the former Congress President Rahul Gandhi had resigned from his position seems to fructify now. If there are no major political rumblings expected, then Ashok Gehlot, who is a seasoned politician and troubleshooter for the Congress, is set to become the party's new national president through elections on October 17. After nearly 24 years, a non-Gandhi Congress leader is set to be the party's new national president. For the last 24 years, the reins of the Congress have been controlled by Sonia Gandhi or Rahul Gandhi. In such a situation all top and veteran party leaders are saying that the issue of dynasty rule levelled by the BJP will be finally put to rest. The Congress feels that the issue of dynasty politics or 'parivarvaad' which the BJP has

been cornering the Congress with will completely end following Rahul Gandhi's decision to not to become the party's president. But is this really going to happen? Prime Minister Narendra Modi had himself raised the issue of nepotism and dynasty politics from the ramparts of the Red Fort earlier this August to target the opposition parties. This issue of dynasty politics has been raised by Union Home Minister Amit Shah and BJP President J.P. Nadda, and all other BJP leaders, Union Ministers, BJP-ruled state chief ministers and party workers to target the

Congress and specially the Gandhi family. Therefore, it remains to be seen whether the saffron party will raise this issue after the Congress gets a non-Gandhi at its helm? Has Rahul Gandhi played a big master-stroke by electing a non-Gandhi Congress leader as the party president? The BJP has dismissed such claims as mere political stunts. The BJP believes that Rahul Gandhi is going to play the same political gamble on the Congress' organisational front similar to what Sonia Gandhi played by making Manmohan Singh the country's Prime Minister, but this is not going to change the functioning of the Congress. The BJP is also trying to attack the Congress through Ashok Gehlot's statement that the election for the post of Congress President is just a sham. According to the BJP, dynasty rule has become the character of the Congress and the BJP will continue to work to warn and caution the people of the country on this. While addressing a rally in Purnia, Bihar, on Friday, Shah, while pitting the 2024 Lok Sabha elections as a political fight between Prime Minister Narendra Modi vs Rahul Gandhi, asked the people that who should become the Prime Minister of the country in 2024 -- Modi,

Nitish Kumar or Rahul baba? The BJP's national spokesperson Tom Vadakkan, who had been a part of the Congress for a long time before joining the BJP, launched a scathing political attack on Rahul Gandhi. Vadakkan, while holding a press conference at the BJP headquarters in New Delhi on Wednesday slammed Rahul Gandhi, saying that whether Ashok Gehlot or Shashi Tharoor becomes the Congress President, they will be remote-controlled by Rahul Gandhi and the reins of the party will firmly remain in his hands. In the coming days, Ashok Gehlot may be seen working as the Congress National President, but in every decision taken by the Congress, the BJP will tell the people of the country whether that decision was taken by Gehlot or on the instructions of the Gandhi family. It is clear from the BJP's political attacks on the issue of dynasty politics that it will remain alive even if a non-Gandhi becomes the Congress' national president and the Congress, especially Rahul Gandhi, will have to face the BJP's allegations repeatedly and continuously.

WILL HURT, NOT HELP: RUMBLINGS IN GUJ CONG OVER LIKELY ALLIANCE WITH NCP

Haresh Jhala

Murmurs have started among Congress workers in the two districts of Anand and Porbandar against any alliance with the Nationalist Congress Party. The party's district leadership says they are helpless before the decision of the national leadership. The local leaders' reservation is that an alliance with the NCP will damage the party more than benefit it. The first such bugle was blown by the Porbandar District Congress Committee's former president Nathabhai Odedara. On Friday, addressing media persons he announced that he will not allow any alliance with the NCP. If the party goes for the alliance, he will work to damage the party's prospects on at least six to seven assembly seats where the Mer com-

munity has dominance. Odedara represents the Mer community. Odedara is reportedly interested in contesting the elections from Kutiyana constituency, which goes to the NCP in the alliance and from where Kandhal Jadeja got elected for the last two terms as the NCP candidate. Jadeja has a criminal history, his mother Santokben Jadeja had got the nickname of 'Godmother'. He has voted in defiance of the party whip in the Rajya Sabha elections for BJP candidates instead of Congress candidates. Porbandar District Committee president Rambhai Odedara told IANS, "We can at the most suggest to ally with the NCP, the final call will be taken by the state or national leadership. The local workers are not in favour of an alliance with the NCP." The problem with the NCP is that

it does not have a grassroots presence, yet its state unit president Jayant Patel wants to contest from the Umreth seat falling in Anand district, which is a stronghold of the Congress. By allowing him to contest the Umreth seat, party leaders are discouraging party workers, explained Mahendrasinh Parmar, president of the Anand District Congress Committee. He told IANS that Umreth constituency workers have conveyed their concern to the AICC observer for Central Gujarat, Ush Naidu. Parmar is of the strong opinion that the party should respect the workers' wishes. At the same time they also stated that they and the party workers will respect and abide by the party's state and national leadership's decision on any alliance.

CHILDBIRTHS IN S.KOREA REACH ALL-TIME LOW, DEATHS HIT RECORD HIGH

Seoul | New York

The number of babies born in South Korea hit an all-time low in July, while deaths climbed to a record high in the month amid rapid aging and the Covid-19 pandemic, new data revealed on Wednesday. A total of 20,441 babies were born in July, down 8.6 per cent from the previous year, according to the data from Statistics Korea. It marked the lowest for any July since the statistics agency started compiling related data in 1981, reports Yonhap News Agency. South Korea has faced a chronic decline in childbirths as many young people delay or give up on getting married or having babies in the face of an economic slowdown

and high home prices, combined with changing social norms about marriage. The country broke its own record for the world's lowest childbirths last year. Its total fertility rate -- the average number of children a woman bears in her lifetime -

- came to 0.81 children in 2021, down from 0.84 the previous year. Last year marked the fourth straight year that the number was below 1. Rapid aging and the fallout of the pandemic also pushed up the number of deaths to a

record high in July. A total of 26,030 people died in the month, up 1.2 per cent from a year earlier. It marked the highest figure for any July and also represented the 17th straight month of increase. As the number of deaths outpaced that of births, the nation's population declined by 5,588 in July, marking the 33rd consecutive month of fall. South Korea reported the first natural fall in its population in 2020, as the grim demographic trend has continued. Meanwhile, the number of marriages fell 5 per cent on-year to 14,947 in July, the data showed. More people have postponed or delayed their weddings due to the Covid-19 pandemic. Divorces declined 9.3 per cent on-year to 7,535 in July.

S.Korea to shun Russian rockets, to go with Musk's SpaceX

Seoul | Agencies

South Korea has decided to cancel plans to launch satellites using Russian rockets later this year amid the international community's sanctions on Russia's space programme over the Ukrainian war, a government document showed on Wednesday. The government is most likely to sign deals with Elon Musk-run SpaceX and the European Space Agency for the launches. The terms of the current deals

with Russia remain confidential due to five-year non-disclosure agreements, reports Yonhap news agency. The government had planned to launch the Korea Multipurpose Satellite 6, known as the Arirang 6, on Russia's Angara 1.2 vehicle later this year from the Plesetsk Cosmodrome in northwestern Russia and a next-generation mid-sized observational satellite aboard a Soyuz rocket from the Baikonur Cosmodrome in Kazakhstan. In a document submitted to the National Assembly, the Ministry of Science and ICT assessed it has become "difficult" to proceed with the satellite launches using Russian rockets, citing the international community's joint sanctions on Moscow over the Ukrainian invasion. The ministry also asked for an additional budget, estimating the projects to cost an additional 88.1 billion won (\$61.1 million) in total under new launch deals. It plans to nix the Russian deals and seek new space launch providers if the National Assembly approves the request.

CIA warned about attack on Nord Stream pipes weeks ago

London | Agencies

The CIA warned weeks ago that the Nord Stream pipes could be attacked, it has been revealed, after explosions opened three huge fissures in two key gas links that Western leaders say are the result of sabotage, the media reported. Agents sent a 'strategic warning' to European allies including Germany over the summer that the pipes were at risk, sources told Der Spiegel last night, though they refused to say whether Russia was identified as a culprit. The warning was not specific and did not pinpoint a time or location for an attack, according to the New York Times. However, heavy suspicion for the attack has fallen on the Kremlin - with European officials briefing the Washington Post last night that 'no-one is thinking this is anything other

than Russian sabotage'. But allies currently lack enough hard evidence to publicly blame Moscow, they added. The Kremlin has denied any involvement, calling allegations against Russia 'stupid'. But Moscow certainly has the

capacity to carry out such an attack. It possesses the largest spy submarine fleet in the world including the Belgorod - a nuclear-powered sub which is designed to attack undersea infrastructure - and has ploughed money into underwater drones that

could have been used. The location of the blasts, in waters around 260 ft deep, is also shallow enough for divers to reach, Daily Mail reported. As for motive, the explosions came on the same day that Poland, Norway and Denmark opened a new pipe running under the Baltic. As one official said last night, it could be designed as a warning to Europe that its infrastructure is vulnerable. Stepan Stepanenko, research fellow at the Henry Jackson Society said, "At first glance, this act equates to cutting one's nose off to spite the face (but) to understand why Russia would do this, we have to look at it in the context of the sham referendum taking place in Ukraine. "Putin is fast running out of options, he needs to end the conflict with a tangible territorial gain before Russians twig what the rest of the world already knows: He lost the war."

# Strong actions will be taken against culprits : Shivraj

CM Shivraj Singh Chouhan's attitude is becoming increasingly bitter and his target is those officers whose work is causing problems to the beneficiaries and affecting the image of the government.

Team Absolute | Bhopal

In the virtual meeting, the Chief Minister directly asked the officials and asked in detail about the schemes of the state and central government. tribution of ration will not be left at any cost. In this meeting, CM Chouhan said, 4 vehicles are operating under ration your village. Among the complaints I have, fair price shops are not

opening regularly. On this, the Collector said that 11 FIRs have been registered in the case of negligence in the distribution of ration. Penalty has also been imposed. Four arrests have also been made in this case.

## BJP MLA starts foot-march of Chitrakoot's Siddha Pahad

Team Absolute | Bhopal

To seek attention of the Centre and Madhya Pradesh government on development of Chitrakoot, BJP MLA from Maihar Assembly constituency Narayan Tripathi began a three-day 'dharma (religious) yatra' on the surrounding of 'Siddha Pahad'.

Several saints and seers of temples in Chitrakoot also joined the 'padayatra' (foot march), which to be completed after ferrying 84 km surrounding the Siddha Pahad on September 30.

The yatra will be followed by a 'dharma sabha' (religious meet) of Hindu priests and seers of all temples located in Chitrakoot on September 30. While starting dharma yatra, BJP MLA said this yatra should not be seen a political move but a religious one.

He claimed this padayatra is beginning of a fight to push his demand to provide Chitrakoot importance like Ayodhya (Uttar Pradesh). The Siddha Pahad is no ordinary hillock, it has a mythological story behind it. It is believed that during Lord Ram's stay in the Chitrakoot forest during the 14 years of his exile, Lord Ram had pledged on the same hillock to eliminate the demons.

Earlier in August, a controversy had erupted after Satna district administration (Chitrakoot falls under Madhya Pradesh's Satna district) proposed to legalise mining on the Siddha Pahad.

Tripathi was the first who opposed the decision and wrote to Chief Minister Shivraj Singh Chouhan, which prompted the later to announce a ban on mining in Sidha Pahad.

"We fought a legal battle

for years for get back Lord Ram's birthplace -- Ayodhya and a huge temple is being constructed there. We are happy that the BJP-led Central government and Uttar Pradesh government made this possible. But, my question is that why Chitrakoot wasn't given so much importance despite being the 'Karmabhoomi' of Lord Ram." Tripathi said.

He said that Chitrakoot has been deprived of development despite having a crucial connection with Lord Ram, adding that if a grand Ram temple is being constructed in Ayodhya, Chitrakoot should also be given equal importance.

The BJP MLA said that a large size statue of Lord Ram should also be established in Chitrakoot. Besides, the area should be provided with facilities so that more people can visit Chitrakoot.

On the question of the action taken by the central government regarding PFI, Kamal Nath said, if there is any evidence that they are involved in terrorist activities, are associated with terrorist organizations, then PFI or any organization, strict action will be taken against them. Should be.

Taking forward his point, Kamal Nath said, today terrorism is a matter of great danger and the general public needs security and if the activities of PFI were going on for so many years then it is your intelligence failure, what are you doing for so many years. Were. This one has not been born today, since when has it been registered, if it was already associated with terrorist organizations, then what were you doing for so many years, today this question is in front?

Voting has been held for 46 urban bodies in the state and the results are due on Thursday, September 30. Regarding these elections, Kamal Nath said, all our leaders were engaged, BJP misused police, administration, money fiercely in these elections too. Our focus remains on every election and our main focus is also on the upcoming assembly elections.

Regarding the Bharat Jodo Yatra, Kamal Nath said, the yatra is getting immense success and it will be successful, because today there is a lot of resentment among the people. Now the public is not going to be affected by the politics of the media because the public is intelligent. Today BJP does not talk about unemployment, does not talk about farmers, does not talk about small traders, they bring out various issues to mislead the public.

**Ryan Reynolds confirms Hugh Jackman's return as Wolverine**

Hugh Jackman's highly anticipated return as Wolverine in 'Deadpool 3' has been announced by Ryan Reynolds. "Hard keeping my mouth sewn shut about this one," he wrote in the caption.

In the video where fans got to know about this great news, Reynolds says, "I've had to really search my soul on this one. His first appearance in the MCU obviously needs to feel special. We need to stay true to the character and find new depth, motivation, and meaning. Every 'Deadpool' needs to stand out and stand apart. It's been an incredible challenge that has forced me to reach down deep inside. And I...I have nothing. Yeah, just completely empty up here. And terrifying. But we did have one idea." When Jackman walks by in the background later in the video, Reynolds asks him if he wants to play Wolverine again. In response, Jackman responds, "Yeah, sure, Ryan."

After portraying the Wolverine in 2016's R-rated "Logan," Jackman reportedly hung up his claws. Wolverine was famously killed at the end of the movie. In 'X-Men Origins: Wolverine,' Jackman played Wolverine opposite Reynolds' Deadpool. The

clawed mutant kills the character in the film during a battle scene.

Hugh's return as the superhero was fuelled further when a fan asked him about it. The actor's reaction to the question did nothing to dispel the reports. Although it was thought at the time that he might come back as Wolverine in 'Doctor Strange in the Multiverse of Madness,' he did not.

There is also speculation that, while the character will return, a new actor will take over. There has, however, been no confirmation of the same.

Gwyneth goes nude at 50 for mag shoot, says getting Botox at 40 was 'embarrassing'. Although she thought the procedure was "cliche," the Oscar winner, who turned 50 on September 27, said it was part of how she "freaked out" when she turned 40. "I feel great. I feel very happy and fulfilled and not scared and weirdly not freaked out about it," she told a leading magazine on Tuesday. "I remember turning 30 and feeling like there was so much pressure to be married and have a baby. I was not in a serious relationship when I turned 30, and I remember just thinking, 'I'm disappointing my parents. I haven't married my stockbroker or a lawyer, and I'm this weird artist.' "When you're in your 20s, you're really a kid, and I think there's this expectation that when you're 30, you are going to really start to have a handle on your life. And then when I turned 40, I really freaked out. I remember going to some doctor and getting Botox. It was terrible; it was so embarrassing. I was like, 'I'm such a cliche.'" "I thought I had to redefine so many aspects of who I am. It wasn't as scary as I thought, by the way, but going into it I think I had a particular set of unique circumstances." Chris Martin added that turning 50 was easier. The Goop founder, who is now married to 51-year-old TV producer Brad Falchuk, made the announcement alongside a photoshoot in which she stripped naked and was covered in gold paint to commemorate her milestone birthday. She said, "And then turning 50, it's been a lot smoother than I thought. I've really recalibrated the way that I look at that stuff. I don't relate to a 26-year-old model. I don't want her life. I don't want her face. I don't want her experience. I've earned my life. I've earned my wrinkles."

**Tom Hanks Believes that only 4 of his movies are "pretty good"**

Los Angeles | Agencies

Tom Hanks has appeared in nearly 100 films but believes only four of them are "pretty good." "No one knows how a movie is made -- though everyone thinks they do," Hanks said in a new interview with a leading news agency. "I've made a tonne of movies (and four of them are pretty good, I think), and I'm still amazed at how films come together. From a flicker of an idea to the flickering image onscreen, the whole process is a miracle." Over his four-decade career, Hanks has directed some of cinema's most celebrated films, including 'Forest Gump' and 'Philadelphia,' both of which earned him an Academy Award for best actor.

Hanks was also nominated for Oscars for 'Cast Away,' 'Big,' 'Saving Private Ryan,' and 'A Beautiful Day in the Neighbourhood' in 2020. However, it is unclear which films in Hanks' filmography he considers being the best. "Movie-making is very hard work over a very long period of time that consists of so many moments of joy slapped up against an equal number of feelings of self-loathing," he said. "It is the greatest job in the world and the most confounding of labours that I know of." This year, Hanks starred in the box office smash 'Elvis' and Disney's live-action 'Pinocchio' remake. His first novel, titled 'The Making of Another Major Motion Picture Masterpiece,' will be released on May 9, 2023.

**HAILEY BIEBER TALKS ABOUT RUMOURS OF HER BEING ROMANTICALLY INVOLVED WITH JUSTIN BIEBER WHILE HE WAS WITH SELENA GOMEZ**

Los Angeles | Agencies

Hailey Bieber has rarely spoken out about her husband Justin Bieber's relationship with ex-girlfriend Selena Gomez. JB was engaged to the supermodel within two months of the ex-split, leading many to speculate if he was two-timing.

Most Jelena fans, as we all know, dislike Hailey. They frequently blame the supermodel for allegedly interfering with and ruining their relationship.

Hailey Bieber responded to rumours that she was romantically involved with Justin Bieber while he was with Selena Gomez during an interview with Alex Cooper on the podcast. She stated, "A lot of the hate and perpetuation comes from like, 'Oh, you stole him.' It's about people knowing

the truth because there's a truth." Of course, Selena Gomez fans were outraged when Hailey Bieber mentioned her idol directly or indirectly. They took to Twitter, and Sel and Hailey Bieber have been the talk of the town ever since.

# Arshdeep-Chahar wreak havoc with opening spell, Rahul-Suryakumar fifties give India eight-wicket win

Thiruvananthapuram | Agencies

Arshdeep Singh and Deepak Chahar blew away South Africa's top order in a magnificent spell of swing bowling, before vice-captain KL Rahul and Suryakumar Yadav slammed unbeaten fifties to give India an eight-wicket win over South Africa in the T20I series opener at the Greenfield International Stadium on Wednesday.

On a two-paced pitch with green tinge as international cricket returned to the venue after three years, Arshdeep (3/32) and Chahar (2/24) justified Rohit Sharma's call to bowl first as they scythed through South Africa's top-order by picking five wickets on the first 15 balls of the innings to restrict the visitors to 106/8 in 20 overs.

The duo, who did not play in the recent home series against Australia and replaced a rested Bhuvneshwar Kumar as well as Jasprit Bumrah - out due to a back niggle, were sensational in their T20I comebacks to set the base for India taking 1-0 lead in three-match series.

With movement in the air for the left-right pace bowling duo, suddenly the environment felt more of

England and less of India, more of Test cricket and less of T20I match. South Africa batters were unable to move their feet well and fell like a deck of cards, with their scores resembling a binary code.

Chahar began the carnage when he castled Temba Bavuma with an inswinger on the final ball of opening bowler after bowling three outswingers. In the next over, Arshdeep got one to swing a length ball away from Quinton de Kock, who just chipped on to his stumps.

Arshdeep then enticed Rilee Rossouw to drive at a full and swinging away delivery, giving a thick

outer edge behind to wicketkeeper Rishabh Pant and fall for a golden duck. On the very next ball, Arshdeep got a fuller ball to come back in and shatter David Miller's stumps by hitting the top of middle stump.

It took Keshav Maharaj's fighting efforts with the bat, top-scoring with 41 and taking three boundaries off Arshdeep in the 19th over, apart from 25 by Aiden Markram and 24 by Wayne Parnell for the visitors' to cross 100-run mark, a possibility which looked far away when the decimation by Arshdeep and Chahar reduced them to 9/5 inside first

three overs.

Rahul (51 not out) was kept quiet by a slew of outswingers and inswingers apart from surviving close lbw shouts off Parnell and Rabada, opened up by flicking off his wrists over long-on for six off Nortje, followed by Suryakumar slapping through point for four off Keshav Maharaj.

A pacy full toss from Nortje was lofted over cover by Rahul for six while Suryakumar placed a slower ball through point for four as India started to coast towards victory.

Suryakumar continued to collect fours with ease against Rabada and reached his second consecutive fifty in 33 balls in the next over. On the very next ball, Rahul slog-swept Shamsi over backward square leg to reach his fifty in 56 balls and complete the chase in style with 20 balls to spare.

### Brief scores

South Africa 106/8 in 20 overs (Keshav Maharaj 41, Aiden Markram 25; Arshdeep Singh 3/32, Deepak Chahar 2/24) lost to India 110/2 in 16.4 overs (KL Rahul 51 not out, Suryakumar Yadav 50 not out; Kagiso Rabada 1/16, Anrich Nortje 1/32) by eight wickets

# SURYAKUMAR ATTAINS CAREER-BEST 2ND SPOT

Dubai | Agencies

Suryakumar Yadav moved one position ahead to attain a career-best-equaling second position, closing gap on No 1 Pakistan's Mohammad Rizwan in the latest ICC Men's T20I Player Rankings, released on Wednesday.

In the latest weekly update that considers performances in the second and third matches of the India-Australia series, Suryakumar is at second position with 801 rating points after smashing a match-winning 69 off 36 deliveries in the third T20I in Hyderabad on Sunday that helped hosts clinch the series 2-1. On the other hand, Pakistan opener Rizwan has retained his top spot in the batting charts after his brilliant displays in the ongoing seven-match series against England.

The 30-year-old Rizwan has notched up scores of 88 not out, 8 and 88 in the second, third and fourth T20Is against England, helping him

maintain his position at the top. His performances helped Pakistan win the second and the fourth T20Is, with the series level at 2-2 heading into Wednesday's fifth match.

Meanwhile, Pakistan skipper Babar Azam has moved up a slot to take the third position. Babar, who had occupied the No.1 position for 1,155 days before being overtaken by team-mate Mohammad Rizwan early this month, was named Player of the Match for an unbeaten 110 in the second

T20I of their ongoing seven-match series against England.

He followed it up with scores of eight and 36 in the third and fourth matches, which were also played over the past week.

India captain Rohit Sharma has inched up one place to 13th position after scores of 46 not out and 17 while Matthew Wade (up six places to 62nd), Cameron Green (up 31 places to 67th) and Tim David (up 202 places to 109th) are the Australia players to move up the rankings. Green and David had notched half-centuries in the final match of the series. India spinner Axar Patel, who emerged as the leading wicket-taker in the series against Australia, has raised his ranking by 15 places, to No 18, with his showings of 2/13 and 3/33 in the final two matches. His bowling partner Yuzvendra Chahal (up from 28th to 26th) has moved up the bowlers' list, which continues to be led by Australia fast bowler Josh Hazlewood.

Canada's Denis Shapovalov advanced to the quarterfinals of the Korea Open Tennis Championships with a 7-5, 6-4 win over Jaume Munar in his opening match at the ATP 250 event, here on Wednesday.

The World No 24 fired 31 winners to Munar's 11 in his one-hour, 49-minute second-round victory,

# Shapovalov advances to quarters with win over Munar

breaking the Spaniard twice in each set to reach his fifth tour-level quarter-final of 2022, and his first since May.

"Definitely super happy to get the win today. Obviously I had a very difficult opponent, he was playing some great tennis, so super happy to get the win," said Shapovalov after opening a 1-0 lead in his ATP Head to Head series against Munar. The 23-year-old Shapovalov

believes the outdoor hard courts in Seoul suit his game style as he seeks his first ATP Tour title since his 2019 triumph in Stockholm.

"(It is) definitely pretty quick. I feel like the courts are skidding a lot, the ball is skidding a lot through the shot, and I feel like if I can maintain my aggressive game style and serve well, and overall try to dictate, I think I can definitely do some damage here," said the

Canadian.

After starting his year by helping Team Canada to ATP Cup glory and reaching the quarter-finals at the Australian Open, the 23-year-old Shapovalov has struggled for consistency this season. Yet he is feeling positive about his prospects in Seoul, where he will meet Radu Albot in the last eight after the Moldovan defeated Steve Johnson 7-6(3), 7-6(3).

# SPAIN UPSET PORTUGAL TO WIN GROUP, CZECHS RELEGATED IN UEFA NATIONS LEAGUE

Madrid | Agencies

Spain won the UEFA Nations League Group A2 on Tuesday as Alvaro Morata's late goal edged out Portugal 1-0, while the Czech Republic were relegated after losing to Switzerland in the last round of group matches.

In a duel in Portugal's Braga, the hosts almost opened the scoring in the 32nd minute through Diogo Jota, who received a long pass from Bruno Fernandes and unleashed a shot towards the top right corner that Unai Simon kept out with a brilliant one-handed save.

The Portuguese were in total control during most of the game but Spain stayed in the contest and took the lead in the 88th minute. A long ball into the box from Dani Carvajal was headed by Nico Williams across to Alvaro Morata, who lashed it into the goal, reports Xinhua.

In that match, Morata shot three on target out of his four attempts. So far, the Atletico Madrid forward has scored 13 goals under Luis Enrique - no Spanish player has bagged more for the current head coach.

It was the Spaniards' first competitive win away against Portugal since 1934. They joined Croatia, Italy and the Netherlands in Nations League finals tournament in June 2023.

Elsewhere, during the clash between Switzerland and the Czech Republic, the hosts' Remo Freuler scored the opener in the 29th minute with a clever short-

range header and Breel Embolo extended the lead one minute later. Seconds before the halftime break, the visitors reduced the deficit as Patrik Schick scored with a left-footed finish from David Zima's low cross.

In the second half, Czech's Tomas Soucek saw his penalty saved by Yann Sommer, making the final score 2-1. Thus, Spain topped Group 2 with three wins, two draws and one defeat, one point above second-placed Portugal. Switzerland held third place while the Czech Republic were relegated to League B.

In other Nations League League B games on Tuesday, Serbia gained promotion to League A after beating Norway 2-0 thanks to Dusan Vlahovic and Aleksandar Mitrovic's goals, while Manchester City star Erling Haaland tried hard to score but was unable to successfully link up with his teammates. Slovenia held Sweden to a 1-1 draw and kicked the latter to relegation.

## Irani Cup

# Vihari to lead Rest of India against Ranji champions Saurashtra

Team Absolute | New Delhi

Right-handed batter Hanuma Vihari will lead the Rest of India (ROI) side against 2019-20 Ranji Trophy champions Saurashtra in the Irani Cup 2022 clash, scheduled to be held from October 1-5 at the Saurashtra Cricket Association Stadium in Rajkot.

The BCCI on Wednesday announced the squad for the Irani Cup, which has made its return after three years. The prestigious tournament could not be played in the previous two seasons because of the Covid-19 pandemic.

Young Delhi batter and India's 2022 Under-19 World Cup winning captain Yash Dhull has been also selected in the squad. After a century on debut in both the Ranji Trophy and Duleep Trophy, he will look to strengthen his red-ball credentials at the Irani Cup.

The 19-year-old has already racked up 770 runs in nine first-class innings, with four centuries,

including a best of 200 not out. He will pitch for a berth in a strong middle order, consisting of Vihari, the in-form Sarfaraz Khan and KS Bharat, the first-choice wicket-keeper.

The Rest of India squad also consists of four openers - Mayank Agarwal, Yashasvi Jaiswal, Abhimanyu Easwaran and Priyank Panchal. Among them, Jaiswal, Easwaran and Panchal have been in excellent nick in red-ball cricket recently.

Jaiswal will be heading into the game after his career-best 265 for West Zone in the Duleep Trophy final against South Zone last week. On the other hand, Easwaran and Panchal, were among the runs for India A during their 1-0 home series win over New Zealand A.

Unlike the batting lineup which has experience, the bowling attack is raw. Tearaway quick Umran Malik has continued to receive the backing of the selectors despite an underwhelming start to his red-ball career.

# Brazil smash Tunisia, Argentina beat Jamaica in friendlies

Raphinha scored twice and Neymar converted a penalty as Brazil cruised past Tunisia 5-1, while Lionel Messi helped Argentina beat Jamaica 3-0 in pre-World Cup international friendlies on Tuesday. In Paris, Brazil took the lead in the 10th minute with a header from Barcelona forward Raphinha, assisted by Casemiro. Seven minutes later, Montassar Talbi's header equalised for Tunisia. However, Richarlison helped Brazil restore their lead in the 18th minute and Neymar extended the advantage with a penalty on the half-hour. Before the halftime

break, Raphinha slotted home to register his second goal to make it 4-1, Xinhua reports. Brazil kept their domination in the second half. In the 74th minute, Pedro sealed the win for the Selecao with a powerful volley.

Brazil, the world No. 1 side in the latest FIFA rankings, have been drawn in World

Cup Group G with Serbia, Switzerland and Cameroon. Against Jamaica, Argentina opened the scoring through Manchester City striker Julian Alvarez. In the second half, Lionel Messi came in from the bench and scored a brace. Argentina have been drawn in Group C with Mexico, Poland and Saudi Arabia.

In other warm-up games, 2022 World Cup hosts Qatar drew with Chile 2-2, Uruguay beat Canada 2-0, and Saudi Arabia held the United States to a goalless draw.

Messi struck two late goals as Argentina earned a 3-0 victory over Jamaica.

Manchester City forward Julian Alvarez put the Albiceleste ahead in the 13th minute at Red Bull Arena in New Jersey when he tapped in from close range after Lautaro Martinez's fine run and cut-back.

Argentina controlled possession but struggled for scoring opportunities against Jamaica's well-organised defence. That changed following the introduction of Messi

from the bench in the 56th minute. The two-time world champions immediately looked more threatening and Messi capitalised on poor defending to double their advantage with a long-range effort in the 86th minute. The Paris Saint-Germain veteran made it 3-0 three minutes later with a low free-kick from the edge of the 18-yard box that caught goalkeeper Andre Blake off guard. The South American outfit will have one more chance to test their squad before the World Cup when they meet the United Arab Emirates on November 16. Jamaica did not qualify for the tournament, to be played in Qatar from November 20 to December 18.
