7-year-old stabbed 29 times by man who tried to rape her

Team Absolute | Indore

A man was sentenced to death by a court in Indore in Madhya Pradesh on Monday for killing a 7-year-old girl after abducting her with the intention of committing rape but failing to do so as she raised an alarm that attracted a mob.

Additional Sessions Judge and Special Judge (POCSO Act) Surekha Mishra sentenced Saddam (31) to death and also imposed a fine of 9,000 on him, while directing the state government to give 3 lakh as compensation to the girl's family.

Saddam was charged with murder and abduction under provisions of the Indian

Penal Code and Protection of Children from Sexual Offences (POCSO) Act, district public prosecution officer Sanjeev Srivastava said. "Saddam abducted the seven-year-old girl with the

intention of raping her on September 23, 2022 when she was playing near her grandmother's house in Azad Nagar area. He took her to his house but failed to rape her after she raised an alarm. Enraged, he stabbed her 29 times and killed her," Srivastava said. "After committing the crime, Saddam came out of his house and threatened the eyewitnesses saying he would kill them if they approached police. A CCTV camera installed in the Azad Nagar area had footage of Saddam abducting the girl and his fingerprints were found on the knife recovered from his possession. The DNA report also confirmed his involvement," he informed.

AUTO DRIVER KICKED, HIT WITH STICKS

Bhopal: An auto driver was brutally beaten up by a group of men, including officials of the railway police, in front of his wife in Madhya Pradesh's Ujjain on Sunday. An investigation has been launched after the video of the assault was shared online. Police officials, however, claim that the man was assaulted after he hit a railway police official who had intervened after he picked up a fight with a hotel employee.

The incident reportedly took place when the auto driver had an argument with the hotel staff over picking up passengers from the railway station, located near the hotel. The argument soon led to physical assault. A video shows the auto driver being punched and kicked as he tries to defend himself. The hotel staff called a group of railway policemen from the station, who also thrashed the auto driver with canes as he lay on the ground. At one point, the railway officials even pushed the auto driver's wife as she begged them to spare him.

"The auto driver is a habitual offender; he has been creating a nuisance in the area. He has been picking up fight with people regularly. He has once been caught vandalising a hotel. Complaints against him have been filed in two police stations in the area. He even assaulted a policeman who tried to investigate the matter," said a police official.

No one does Mallakhamba at home. My father liked Mallakhamba. He used to take me. When I went to see it, I liked it and that's why I chose Mallakhamba." Do hearing personal experiences increase Covid vaccination rates?

Hearing personal experiences of someone who got sick with Covid-19 or died from the disease are twice as likely to receive a Covid-19 vaccine, a new study has shown. According to the study published in the journal *Vaccine*, the researchers surveyed 1,193 people in the US who were eligible for the vaccine to see who knew family members or friends who had recovered, were still sick or had died from Covid-19 and had received at least one dose of the vaccine. The researchers found that essential workers and people with good or better health status were more likely to have received an initial vaccine dose within four months of the EUA (Emergency Use Authorisation) as older respondents, had a higher income or a higher education level. Conversely, uninsured people, Alaskan natives or American Indians were significantly less likely to receive the vaccine within four months of the EUA, the study mentioned. "This study shows that the messenger matters more than the message: Hearing about the experiences of a trusted person, such as a friend or a family member, can be more effective than vaccine mandates," said Saurabh Kalra, a doctoral student at the US-based Rutgers School of Public Health and lead author of the study. These findings indicate the need for targeted efforts to increase vaccinations among young adults, those with lower levels of education, and those living in lower-income households, said the study. "These findings should encourage people to share stories about their Covid-19 illness and bereavement experiences with their friends and family as well as through social media as it may motivate people to be vaccinated," said co-author Irina Grafova, a health economist at Rutgers School of Public Health.

MVA ALLIES ARE AS INSEPARABLE AS 'AMAR AKBAR ANTHONY'

With the countdown for the 2024 Lok Sabha and Maharashtra Assembly elections started, the national Opposition parties are busy calculating various political alliances, permutations, combinations and strategies to boost their electoral arithmetic vis-a-vis the Bharatiya Janata Party (BJP). Much to the chagrin of the Opposition parties, in the past two Lok Sabha (2014-2019) elections -- despite their best efforts -- the EVM machines kept popping out saffron bunnies sporting BJP caps, with the magic attributed to baton-masters, Prime Minister Narendra Modi and his Home Minister Amit Shah. Three years ago, an unforeseen and probably belated alliance of Congress-Nationalist Congress Party-Shiv Sena (UBT) named MVA, stonewalled the BJP's attempts to return to power for a second consecutive term after the October 2019 Assembly elections. Barely recovering from the 'hijack', but fretting in the Opposition, the BJP managed to topple MVA Chief Minister Uddhav Thackeray in June 2022 and grabbed power with the help of the Balasahebchandra Shiv Sena (BSS), proping up Eknath Shinde as the new Chief Minister. Though heavily 'leaking' and 'bleeding', Sena (UBT) President Thackeray did not desert the MVA allies -- which in turn reciprocated by keeping him within the fold, with full dignity. As the national political landscape looms with the likelihood of at least three Opposition combines, it is abundantly clear that NCP-Sena (UBT) will throw its lot in any coalition comprising the Congress -- though they may be at political loggerheads in different states with powerful local satraps and influential regional parties. In December 2021, West Bengal Chief Minister Mamata Banerjee and in February 2022, Telangana Chief Minister K. Chandrashekar Rao met with Maharashtra leaders to discuss their national political designs. They met NCP supremo Sharad Pawar and Sena (UBT) tiger Thackeray, both the Maharashtra bigwigs accorded Banerjee and Rao a warm welcome, but politely cold-shouldered suggestions hinting at a non-Congress front as "unfeasible". Pawar and senior NCP leaders such as

Praful Patel, daughter Supriya Sule, nephew Ajit Pawar, state president Jayant Patil plus Sena (UBT)'s Thackeray, Sanjay Raut, Arvind Sawant and Aditya Thackeray, among others, on various occasions, have stressed the need for Opposition unity including the Congress to pose an all-out challenge to the BJP in 2024. Pawar and Raut have aired their views on how only the Congress commands a pan-India presence, acceptance among all sec-

tions, experience and a nationally recognised leadership, that would be an asset in effectively grappling the BJP challenge. While Pawar Sr. continues his backroom manoeuvres in New Delhi and through his legion of friends' across the political spectrum towards this aim, the recently-concluded Bharat Jodo Yatra (BJY) led by MP Rahul Gandhi proved to be the proverbial booster dose' for the Congress and partly the

Opposition's sagging morales. Willy-nilly stamping their support to Congress, NCP's Sule, Patil, Dr. Jitendra Awhad and other bigwigs joined Gandhi's BJV, followed by Sena (UBT)'s Aditya Thackeray, Ambadas Danve, Sanjay Raut and Urmila Matondkar joined him at various points in Maharashtra and in Jammu & Kashmir. On earlier occasions, the trio -- uncharitably labelled as autrickshaw' by the BJP -- stuck together when in a morning shock for MVA, Devendra Fadnis was sworn-in as Chief Minister and Ajit Pawar (NCP) as the Deputy Chief Minister on November 23, 2019. The development came even as an ecstatic Thackeray was finalising his wardrobe for his own swearing-in as the MVA Chief Minister, decided just a couple of days before. However, the NCP and Congress virtually moved heaven-and-earth and ensured that the two-man government crashed in just 80 hours and a victorious Thackeray took the oath as Chief Minister on November 28, 2019. Weeks before the MVA government collapsed in June 2022, Pawar had sounded categorical warnings to Thackeray of the impending disaster awaiting his party, as revealed recently by Ajit Pawar. Ostensibly, the Sena leaders misjudged the gravity of the situation as "the most trusted people" were involved -- who ultimately betrayed them through the abrupt coup d'etat. As the central probe agencies went after several NCP and Sena (UBT) leaders, even reaching upto the relatives of the Pawars and Thackerays, the MVA partnership did not crumble. The MVA fought the recent MLC biennial polls to emerge victorious in three seats, the BJP and a rebel Congressman got one each. The three parties are now contesting the upcoming bypolls to two Assembly seats in Pune, which will be a further test of their political resilience. After the MLCs polls, the MVA's message, as stated by the Congress President Nana Patole, Ajit Pawar and Raut, is clear -- "united we stand, divided we crash".

23 THAI TOURISTS OUT OF CONTACT AFTER ARRIVING IN S.KOREA

Seoul | Agencies
A total of 23 Thai tourists have gone out of contact after arriving at Muan International Airport in southwestern South Korea over the past week, the Justice Ministry said on Monday. The Ministry said 10 Thais disappeared soon after landing at the Muan airport in Muan, 385 m south of Seoul, on a chartered flight from the Southeast Asian country on Monday morning, reports Yonhap news Agency. It said all efforts are under way to find the missing Thais. Earlier, 13 out of 174 Thai tourists who arrived at Muan International Airport last week have not shown up for their return flight and

remained out of contact, according to the Ministry. The 174 Thais landed at the Muan airport on a chartered flight on January 30 to visit major tourist attractions

in South Jeolla Province. But 13 of them disappeared soon after their arrival at the airport and did not board their return flight slated for Sunday, the ministry said. International flights resumed at the Muan airport in July last year after a Covid-19-related hiatus of over two years. Last week's chartered flight from Thailand was the first of its kind to arrive in Muan since the outbreak of the pandemic. The provincial government of South Jeolla, to which Muan belongs, aims to attract about 2,400 Thai tourists via chartered flights by the end of March but the latest disappearance of some Thai tourists is expected to negatively affect the goal.

ground is frozen or covered by snow, reports Xinhua news agency. Herders across the country have used 60 per cent of the total hay and fodder stored for the livestock, it said. Since the beginning of this year, more than 233,000 heads of livestock have been killed in the country due to the harsh winter and other reasons, according to the Ministry.

Fire damages Buddhist temple in Melbourne

Melbourne | Agencies

A Buddhist temple in Melbourne was gutted by fire, with about 80 firefighters battling the blaze on site on Monday. The Fire Rescue Victoria (FRV) crews were called to the Bright Moon Buddhist Temple in the Australian city's southeast at about 8 p.m. and arrived to find the large multi-storey building ablaze, reports Xinhua news agency. According to the FRV, the incident has been deemed under control at about 10.35 p.m. Nearby residents were told to stay home, close all exterior doors and windows and turn off heating and cooling systems. There were no injuries reported in the fire. FRV Assistant Chief Fire Officer Paul Foster told local media that the firefighters were still putting out the remaining blazes on Monday

morning. Foster said that it was a large and "rather spectacular" fire as the temple was about 150 meters by 100 metres and five-storey tall. "This was an extensive fire, very rapidly developing and quite spectacular to look at... It was seen for many kilometres around," Foster said. The temple, belonging to the Bright Moon Buddhist Society, was purchased and converted into the present hall and prayer areas in 1991 and gradually became a popular worship place for local Buddhist communities.

Inflation in Laos hits 23-year high

Vientiane | Agencies

The inflation rate in Laos climbed to 40.3 per cent year-on-year in January 2023, the highest in 23 years, with a surge in energy and consumer goods prices. According to a report issued by the Lao Statistics Bureau on Monday, the soaring price of fuel, gas and other imported goods, compounded with the depreciation of the Lao currency kip, are among the main factors driving inflation, reports Xinhua news agency. The price of communications and transport rose 49.9 per cent, affecting both the cost of production and the cost of living. Meanwhile, the price of food and non-alcoholic beverages category jumped 47.1 per cent. The cost of medical care and medicine increased 42.2 per cent. The cost of household utilities gained 34.2 per cent. According to the report, the cost of the hotel and restaurant category surged 34 per cent. The

cost in the alcohol and tobacco category rose 26.3 per cent. In addition, the cost of housing, water, electricity, and gas category rallied 26 per cent. In response to the economic woes, the Lao government has outlined the 2023 work plan, vowing to take stronger action to revitalize the stagnant economy, notably by stabilizing currency exchange rates, curbing inflation, and amassing more revenue to boost its spending power, according to the report.

65TH ANNUAL GRAMMY AWARDS

BEYONCE SETS GRAMMY RECORD WITH 32 TROPHIES

Los Angeles | Agencies

Its official: Beyonce has the most Grammy wins of all time. On Sunday night, she made history with four wins, bringing her career total to 32, reports 'Variety'. Her 'Renaissance' wins for best dance/electronic album put her in the history books, after also winning best R&B song for 'Cuff It', best dance/electronic recording and traditional R&B performance.

Beyonce's record-breaking status will not completely mollify fans who think she should have won album of the year or record of the year by now, notes 'Variety'.

On Sunday night, those awards went to Harry Styles and Lizzo, respectively. The song of the year trophy, which she has won just once in the past, when she was still a member of Destiny's Child, went to Bonnie Raitt.

Before the 2023 Grammys, according to 'Variety', the record for most Grammy wins was held by the 31 claimed by classical music figure Georg Solti -- a benchmark set all the way back in 1997 when he earned his final prize, for best opera recording. Solti died that same year.

Beyonce led the 2023 nominations with nine, putting her in a tie for all-time Grammy nominations with her husband, Jay-Z -- 88 each. Beyonce's tally includes her pre-solo work as Destiny's Child member.

Coming into Sunday's awards, she had won 28 Grammys, already making her the most awarded female artist in Grammy history.

SARFARAZ KHAN RECALLS HOW HE FOUGHT BACK FOR HIS PLACE IN TEAM

Mumbai | Agencies

Ignored for the upcoming four-match Test series against Australia, Mumbai batter Sarfaraz Khan recalled how he changed people's perception of him being a white-ball player and not a red-ball player. Sarfaraz also recalled how he waited for his opportunity and then responded with a triple hundred when he got the chance to bat for Mumbai in the Ranji Trophy. Though the Mumbai batter did not say so, his recalling of the incident indicates how he plans to continue working hard and wait for the opportunity to show his capabilities. Sarfaraz was considered a shoo-in for a middle-order spot in the Test squad against Australia, but the selectors opted for red-ball specialist Suryakumar Yadav.

Sarfaraz explained how everyone used to say that he is only a white-ball player and not fit for red-ball. "When I returned from the World

Cup and played IPL for 1-2 years, some people said that Sarfaraz Khan is a white ball player who will not be able to play against the red ball and that he is the only player who can bat for the last 4 overs with the white ball. But I knew that I could do it, and I have been working hard on it. "I was waiting for an opportunity, where I could get 4-5 matches to play continuously in the Ranji Trophy, so I'll show them who I am. When that day came, I made a comeback for Mumbai, and my first century for Mumbai ended up going straight to the triple century. After that, I realised that things aren't as difficult as people make them out to be. I also had a dream from the childhood of raising the bat and helmet in my hand with Mumbai's logo on my chest, so the taste for that thing is never going away and I will never let it go."

Barca extend lead in Spain as Real Madrid lose in Mallorca

Madrid | Agencies

FC Barcelona moved eight points clear at the top of La Liga after a 3-0 win at home to Sevilla, coupled with a 1-0 defeat for Real Madrid in Mallorca. Jordi Alba broke the deadlock in the 58th minute when the full-back finished off a long move that involved 17 passes. Gavi doubled Barca's lead in the 70th minute, with a simple tap-in at the far post after an excellent pass from Raphinha and Raphinha got a deserved goal with 10 minutes to go after being set up by Alba, who had broken the Sevilla offside trap. Real Madrid lost 1-0 away to Mallorca, who scored in the first half when

Vedat Muriqi's header was deflected over Andriy Lunin by Nacho Fernandez.

Cyle Larin's second goal in two games for Valladolid was enough to give his side consecutive wins and condemn third-place Real Sociedad to

their first league defeat since October 30 last year.

The side from San Sebastian didn't have a good day in front of goal, and Larin punished them when he took advantage of Valladolid's only chance in

the second half. Enes Unal equalized for Getafe with an 82nd-minute penalty after the ball hit Saul Niguez's outstretched arm in the penalty area.

There were thrills and controversy as Celta Vigo won 4-3 away to Betis. Jorgen Strand Larsen put Celta ahead in the fifth minute only for Juanmi to level three minutes later.

Sergio Canales gave Betis the lead in the 22nd minute, but Gabriel Veiga scored twice and Joseph Aidoo put Celta 4-2 up before Nabil Fekir's 83rd-minute penalty.

Valencia's misery continues as they slipped to a 1-0 defeat away to Girona that leaves them fourth from the bottom of the table.

Davis Cup

Croatia cruise into Finals Group stage despite doubles slip

Rijeka (Croatia) | Agencies

Borna Coric fired Croatia through to the Davis Cup Finals for a fourth time after ending Austria's hopes of a final day fight-back in their 2023 Qualifier.

Coric saw off Dominic Thiem 7-6(3) 6-2 in an hour and 45 minutes to prevent Jurgen Melzer's visiting side from gaining any further momentum after Austrian doubles pair Lucas Miedler & Alexander Erlinger had recorded a surprise triumph over the home side in the doubles.

Austria's doubles pair upset Nikola Pietrangeli and Ivan Dodig 6-3 7-6 (11) in one hour and 50 minutes to deny a Croatian clean sweep after the two Bornas - Borna Coric and Borna Gojo - had won their singles on the opening day.

That left Thiem with an opportunity to take the contest to a deciding

fifth, but the 2020 US Open champion, still on the comeback trail from a wrist injury, struggled for consistency against Coric.

In the other qualifiers, Korea Republic recovered from 0-2 down for the first time to claim a remarkable 3-2 victory over Belgium, while Finland sealed their first-ever berth in the Finals Group Stage with a 3-1 win over Argentina. Elsewhere, Netherlands cruised past Slovakia 4-0, and there were 3-1 victories for Chile and Czech Republic over Kazakhstan and Portugal respectively.

The six victorious teams follow Great Britain, Serbia, Switzerland, Sweden, USA and France in progressing from this weekend's Qualifiers.

Bayern beat Wolfsburg to defend lead in Bundesliga

Berlin | Agencies

With Kingsley Coman's first-half brace, 10-men Bayern Munich secured a crucial 4-2 away victory over Wolfsburg to recapture the league lead in the curtain-closer of the 19th round Bundesliga.

The Bavarians caught a perfect start on the road as Coman's right-footed cross caught Wolfsburg goalkeeper Koen Casteels flat-footed with nine minutes played, reports Xinhua news agency.

Bayern showed no mercy in front of the target and made it two in the 14th minute when Joao Cancelo whipped a pinpoint cross to the far post, where Coman volleyed home into the top right corner.

The visitors gained momentum and tripled their lead six minutes later after Joshua Kimmich's free-kick found Thomas Muller, who nodded home from 11 meters.

Wolfsburg needed some time to respond but reduced the arrears before the break as Jakob Kaminski traded passes with Paulo Otavio before beating Bayern goalkeeper Yann Sommer into the bottom right corner from inside the box.

After the restart, Bayern had to continue

with 10 men as Kimmich received his marching orders for his second yellow in the 54th minute.

The Wolves couldn't benefit from their numerical advantage as Ridle Baku headed into the arms of Sommer with all time and space from close range at the hour mark.

Bayern punished Wolfsburg's wastefulness moments later after Jamal Musiala danced through the defense before finishing the job between four defenders to stun Casteels with the 4-1 against the run of the play in the 73rd minute.

With the result, Bayern jump back to the top spot whereas Wolfsburg suffered its third straight defeat.

Serie A

Lautaro's header decides Milan Derby

Rome | Agencies

Lautaro Martinez continued his scorching form with his header deciding the Derby della Madonnina, as Inter Milan beat AC Milan 1-0 in Serie A.

The Nerazzurri lost the Milan Derby back in September but took revenge on their city rivals in the Supercoppa last month, while AC Milan were looking for a resounding response after a dismal run since the start of 2023.

Inter Milan had a relatively full squad to choose from, but AC Milan still had to do without Mike Maignan and Zlatan Ibrahimovic. Head coach Stefano Pioli made a tactical tweak to opt for a 3-5-2 system, as Rafael Leao was benched again. The Italian manager Roberto Mancini also presented on the stand for the showdown.

Hosts Inter pressed high from the start, trying to use their aggression and tempo to good effect as a couple of attempts from Lautaro threatened goalkeeper Ciprian Tatarusanu.

The efforts paid off in the 34th minute as Hakan Calhanoglu's corner found Lautaro, whose twisting header went beyond Tatarusanu.

Inter Milan kept creating havoc after the break, but AC Milan were poor in their attacking quality, they had the chance to level the scoring, but Olivier Giroud's awful first touch fumbled a golden opportunity.

Romelu Lukaku came off the bench and found the net in the 83rd minute, but the goal was wiped out while Lautaro's second was also canceled for offside.

Premier League: Arsenal, Man City both lose as Dyche makes immediate impact at Everton

London | Agencies

Manchester City missed the chance to close the gap to two points on Arsenal at the top of the Premier League when they lost away to Tottenham.

Harry Kane's goal in the 15th minute was enough to give three points to Antonio Conte's side, which was also his 267th goal for Spurs, beating Jimmy Greaves' all-time club record.

Sean Dyche had an immediate impact as the new Everton boss, as his side won 1-0 at home to league leader Arsenal in his first game in charge thanks to James Tarkowski's 60th-minute far-post header following Dwight McNeil's corner and the fact the two players worked with Dyche at Burnley should not be ignored.

Wolverhampton's 3-0 win over Liverpool keeps Everton in the bot-

tom three as Julen Lopetegui's side produced an excellent performance to swamp a downcast Liverpool.

Wolves led 2-0 after just 12 minutes

after Joel Matip's own goal and another by new signing Craig Dawson's goal in the 12th minute and Ruben Neves added a third in the 71st

minute. Casemiro saw his first-ever direct red card in a league game as Manchester United held on for a 2-1 win at home Crystal Palace. United led 2-0 when Casemiro was sent off in the 70th minute thanks to Bruno Fernandes' seventh-minute penalty and a goal from Marcus Rashford.

Jeffrey Schlupp gave Palace hope in the 72nd minute, but United held on for their 13th consecutive home win. Newcastle was held to a 1-1 at home to West Ham, with Lucas Paqueta's goal for the visitors just after the half-hour canceling out Callum Wilson's early opener.

Brighton goes sixth thanks to Kaoru Mitoma's 87th-minute header at home to Bournemouth, while Brentford are seventh after thrashing bottom-of-the-table Southampton 3-0.

Leicester City twice came from behind to win 4-2 away to Aston Villa.
